You'll never get over Arthur Hill

Hillites while at Arthur Hill amass many memories over a period of three, two, or even one year. These memories always stay with them and in that way they never leave the joys of the Hill. This year's theme, "You'll never get over the Hill," revolves around students who made lifetime memories out of battles lost and won in sports, activities, in the classroom, and so on.

As Seniors, the final days at Arthur Hill will bring mixed emotions, and, in some ways, hoping it wouldn't end. As graduation time comes with prom parties and goes with commencement, students shall never forget the memories at the Hill. Seniors find themselves looking forward to Homecoming 1987 where they can be welcomed back to the Hill again.

Craig Gray '87 said, "I'll never forget Arthur Hill because it was great. I've met a lot of friends here and we had a great hockey team."

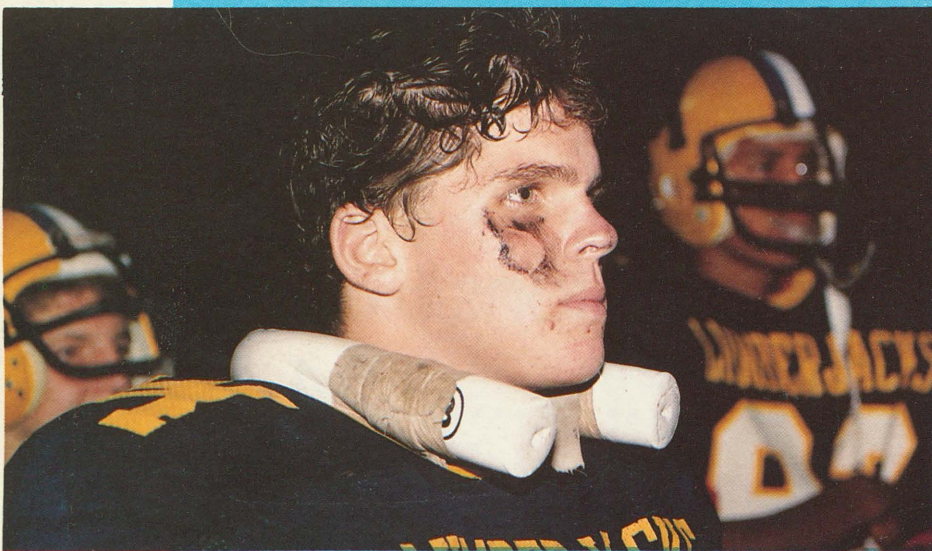

To Underclassmen, the Hill is a long climb ahead of them. More new memories and changes will occur in the next few years.

"Of course I'll never forget Arthur Hill. It's new, exciting, and there's different types of people," said Lois Morrell '89

"I like it so far," said Marcus Terry '89, "but I'll like it even better next year because I won't be a slop."

Veronica Rodriguez '89 said, "Arthur Hill is a good influence on the students of tomorrow and it's just a great school."

Yes, the Hillites will never get over the Hill no matter how long they stay away, the memories will still be alive.

Hillite Memories

The Wild Times

Part of the memories Hillites will never forget was the world of activities on the Hill. To some it was a way to show their school pride and spirit and a chance for getting involved, making new friends and showing how competitive they were.

This year all the classes strived to be unique and set new trends for Hillites.

Rachael Murray '87 was one of those involved students. She said, "Being on Homecoming Court made my Senior year complete."

"Being on Varsity pom pon gave me a chance to express my Senior spirit," said Shawn Marcoux '87.

The sights and sounds, the roar of cheering, the pride in Blue and Gold and "achivement with honor" will forever be a part of the memories of the Hill these active students and others like them will never get over.

ACTIVITIES

Seniors Top of Hill; Juniors Wait til '88

This year's Powder Puff game was a smashing success if you were a senior, with the final score being 22-0 in favor of the Upperclassmen. The Seniors were victorious, but only after the Juniors put up a long, hard battle.

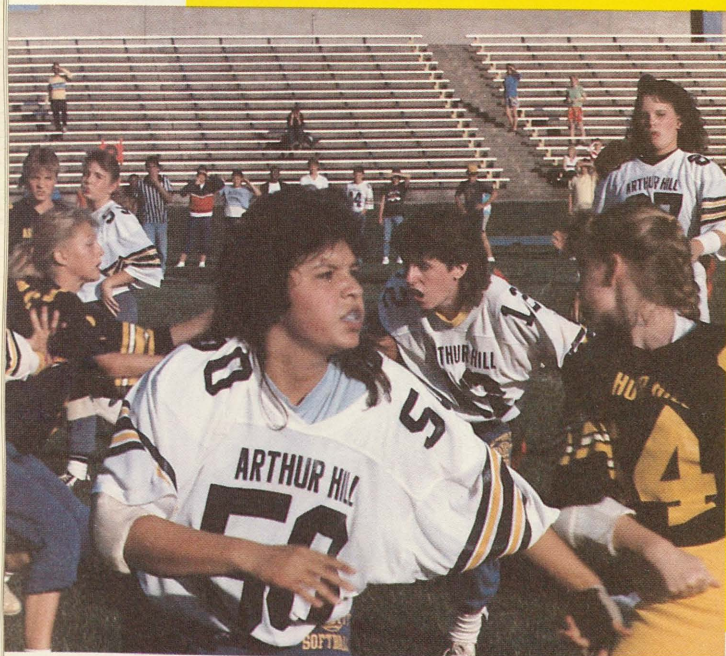

Scoring for the Seniors were quarterback Molly Minard and Mary Teneyuque. Melissa Eckhardt, with fine offensive play, was the outstanding player for the Juniors. Minard and Teneyuque were outstanding players for the "Tops of the Hill." The referees for the game were Dave Ward and Scott Pfander. They were kept quite busy with some of the girls going all out for the win. Senior coaches were Pat Stowe and Chris Burdick, all smiles after the win. Junior coaches John Martin and Jeff Martin were still scratching their heads.

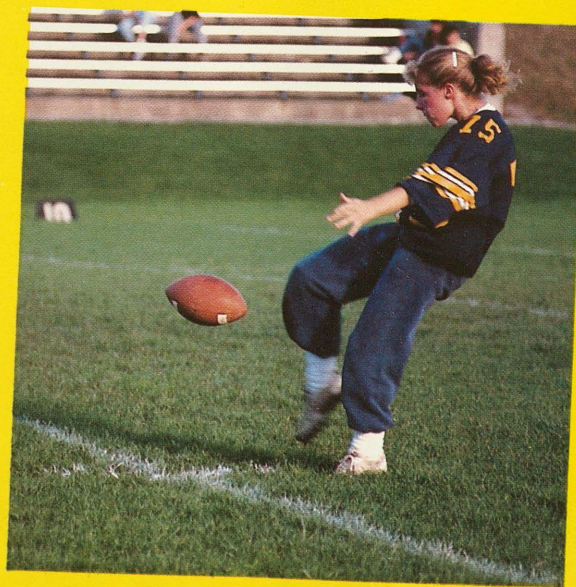

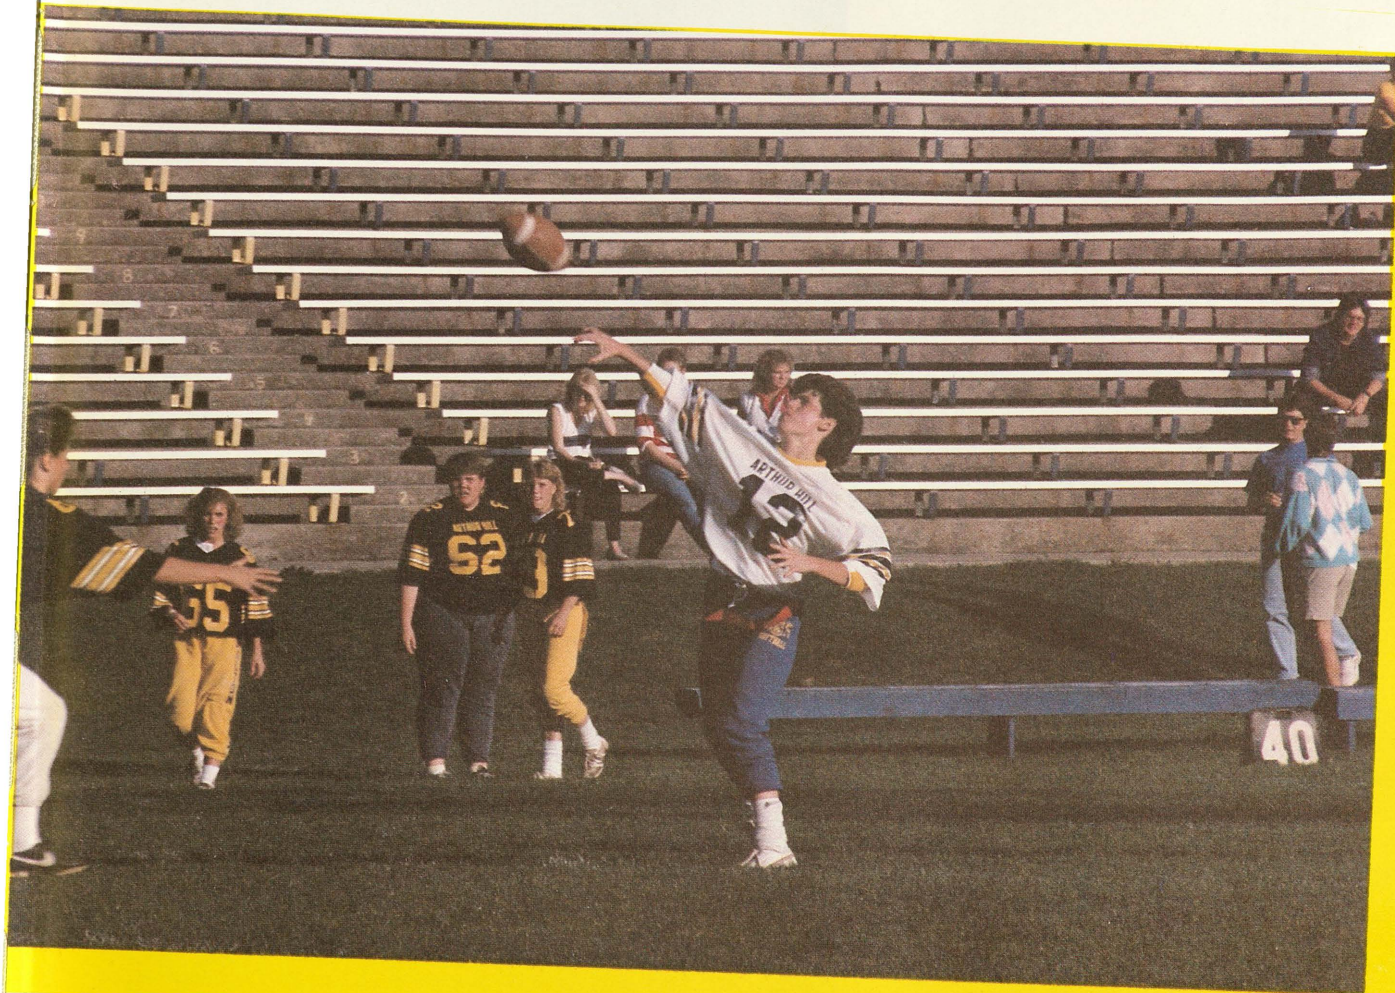

Both Seniors and Juniors who participated said it was an emotional game whether they won or lost this year's Powder Puff.

Minard said, "It really felt good to be on the winning team," while Jill Coe '88 said, "It was fun, but wait until next year."

"It felt great to play in the game even if we did lose," said Eckhardt.

In 1984 the Juniors did win the outstanding Powder Puff classic, but the Seniors have dominated ever since. Do we already hear the sounds of Junior girls on the football field preparing for Powder Puff '88?

Hillites Let Loose To 'Take My Breath Away'

This year's Homecoming Dance is the first annual formal dance to be featured in the Legenda. A large crowd of dancing Hillites dazzled the wall flowers with their latest steps. Dressing up added a lot of class to the affair, but when it got down to rockin' the Hillites went all out.

"I had a very good time," said Elosia Soto '87, "It was a night to remember."

"Take My Breath Away" was the theme for the 1986 Homecoming Dance, sponsored by the Arthur Hill Student Council. Hillites and their dates rocked to the music of Banana Productions.

"The D.J. was really great and everyone danced," said Mindy James '88.

Tony Leuenberger '88 said, "I had a great time because the music was great and they were all partying."

As Seniors look back, they recalled many happy memories of their last Homecoming dance. The rest of us will be looking forward to next year's dance you don't want to miss.

Courting Assembly Takes Breath Away

Opening the tenth annual Homecoming coronation assembly was student body president, Matt Hanley. The Homecoming theme for the 1986-87 Homecoming was "Take My Breath Away," played as the girls were escorted on to the stage.

The 1985-86 Queen, Bridget Lantz, made a speech congratulating the girls on the court and she took time to remember the day she was crowned queen. Following her speech, she crowned this year's queen, Leigh Erlenbeck. Then the queen's attendants, Meghan Dalton and Tracey Garrett were crowned.

The queen and her court closed the assembly with an entertaining skit to the "Lumberjack Shuffle," and "Loddie Doddie."

All the girls on the court were humbled by the fact that they were nominated for such a high honor as the Homecoming court.

Queen Erlenbeck '87 said, "I was very surprised because there are so many other girls that could be queen."

Ruth Markey '87 said she thought it was "nice to know that people took time to vote for you and that they think you would be a good choice for court. I'll have a lot of good memories to look back on."

"Being on Homecoming Court and being elected to be one of two attendants was an honor," said Garrett '87.

It was an honor which will forever be in the memories of these 15 girls.

Juniors Decorate Best Homecoming Hall

In the scramble of getting ready for the big annual Homecoming game and dance this year, the Juniors managed to out decorate the Seniors and Sophomores. The Juniors took first place in the Homecoming Hall Decorating Contest by lining their hall with colorful crape paper and balloons. Each class' hall was beautifully decorated for the contest, but by the end of the day the Sophomore Hall had little to be gazed upon.

Buss Smith '87 said, "I had a real good time decorating the halls with my friends. It got me in the spirit for the big game."

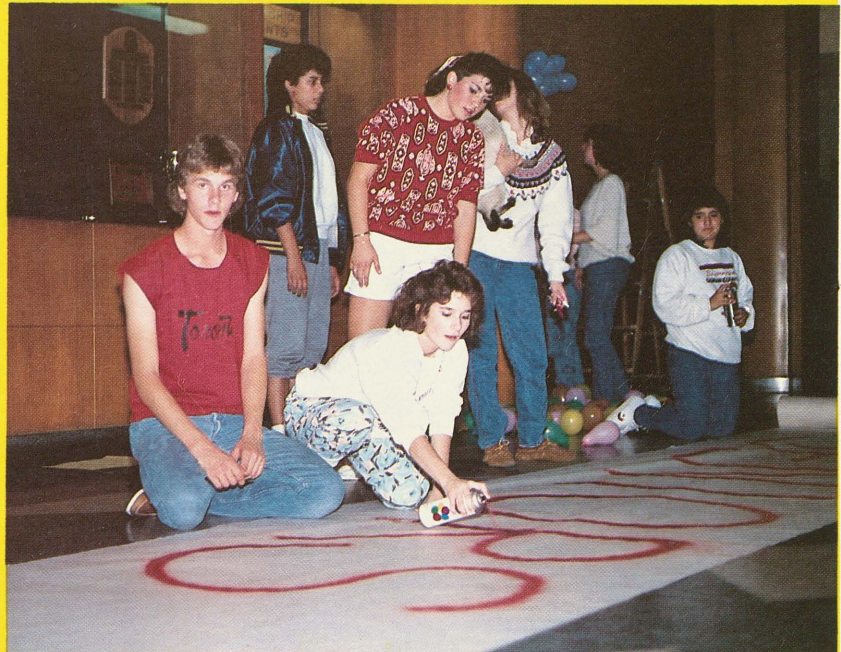

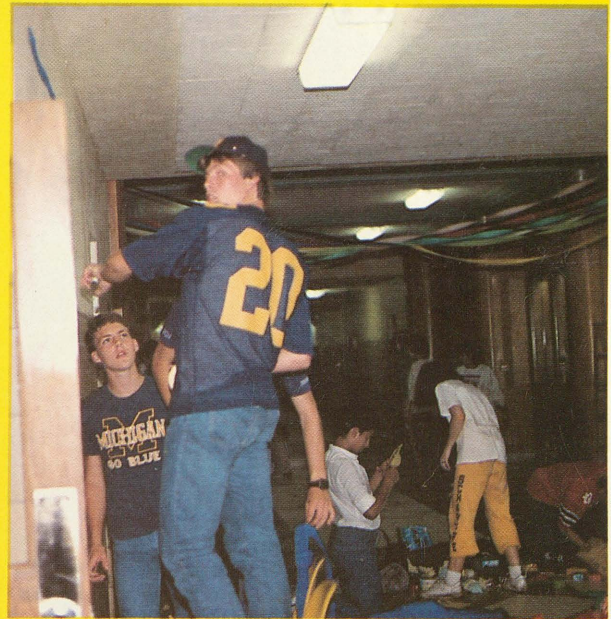

"I love it, but I wish there was more participation," commented Sarah Maul '87.

Like so many of the traditions that go along with a Lumberjack Homecoming, hall decorating will be a part of the memories that will live beyond our years at the Hill.

Pep Pride Spirit!!!

On the morn of September fifth the students of Arthur Hill were fil-
ing into the stadium for the kick off of the 1986-87 Football season.
The Pep Assembly started off with a little quiet, with some opening
words from our student body President and team Captain wishing
everyone luck. When the Hillites started to get a little restless, the
Varsity Football Team Captains got up and asked for support the
Hillites responded with enthusiasm. Then everyone laughing at our
Pep Club President's painted faces lifted everyones spirit. A few
staff members got a chance to get the students giggling their version
of our Varsity song. Mr. Sharpe's traditional victory cheer sent the
students into a frenzy as shown in the group pictures on this page.
The students filed out dancing around to the beats of our Bands
drums and the assembly was successful!!!

Spirit Week Gives Students A Break From Reality

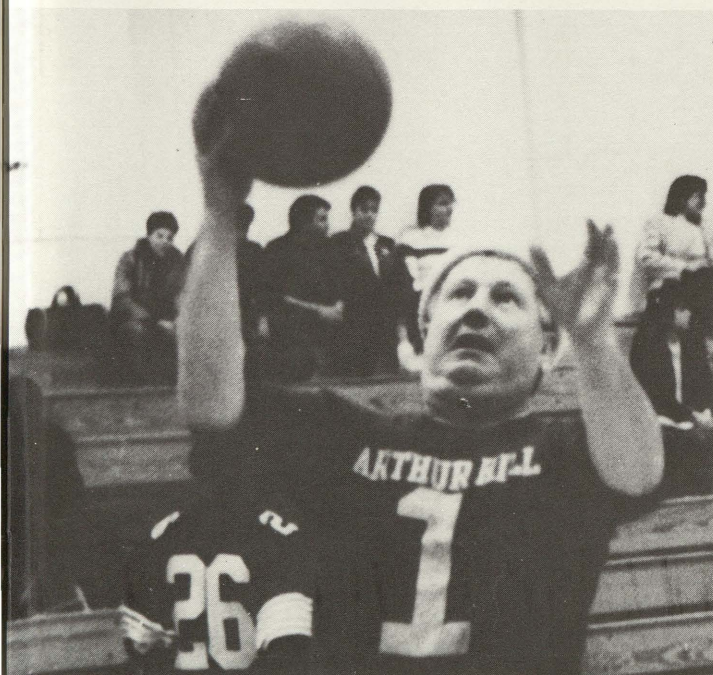

Spirit Week is one of the favorite weeks for Lumberjacks and Lumberjills. It gives students the opportunity to show their school spirit. This year Hillites had four days of fun, Feb. 16-19.

Monday was Dress-up Day, Tuesday was Lumberjack Dress-up Day which began with a successful Lumberjack Breakfast. Wednesday was Crazy Dress-up Day, on which the students went out of their way to be outrageous. Finally, Thursday was Blue and Gold Day when many Hillites showed their colors. Activities also included the Black Studies Club's Trivial Pursuit challenge, a tug of war, a sexy legs contest and the King Arthur assembly.

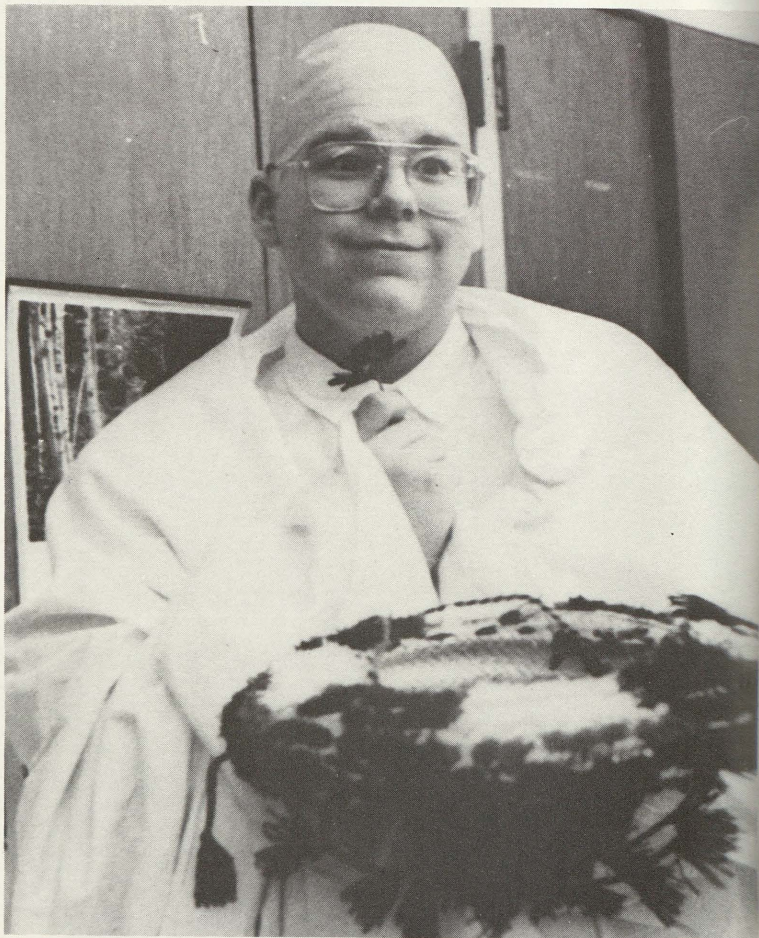

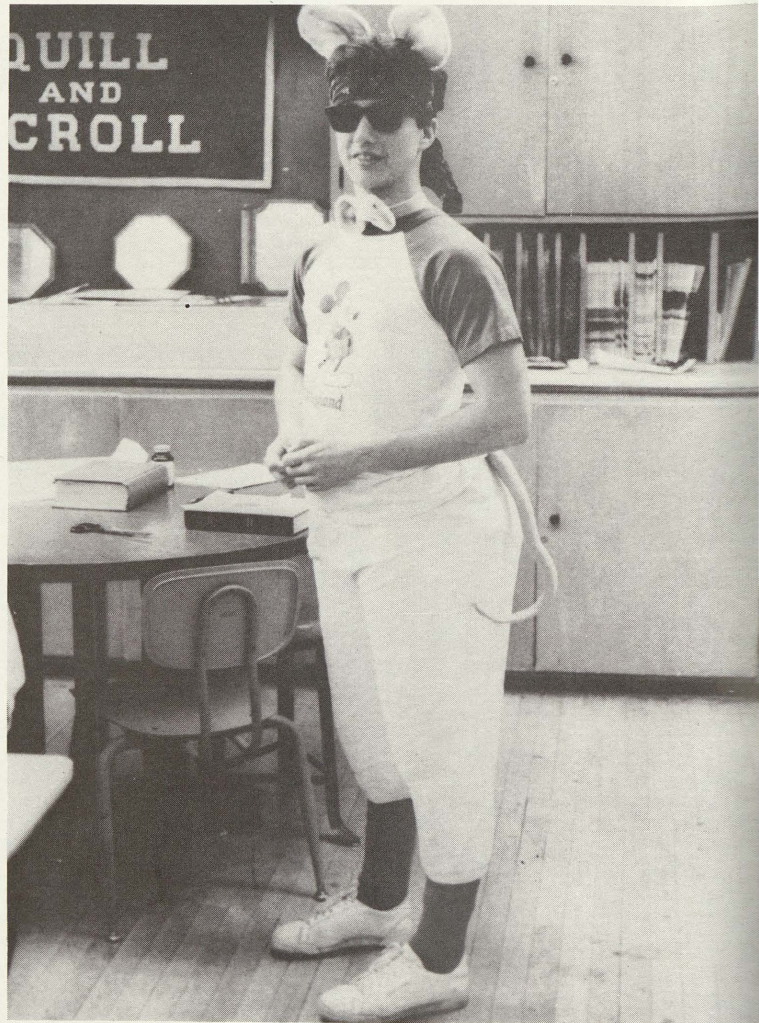

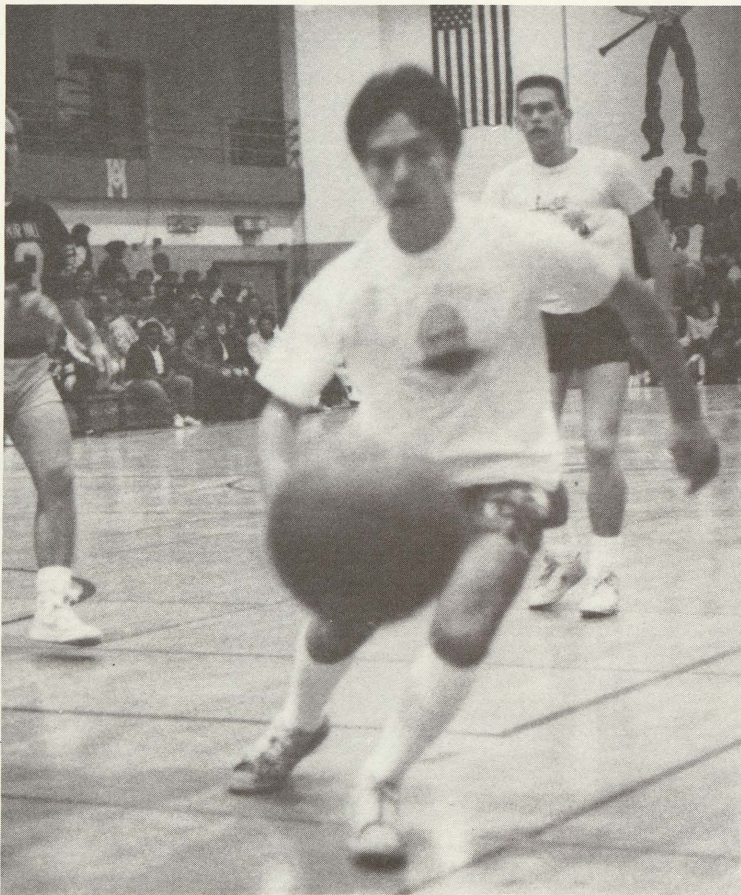

The best dressed people for each day were announced at the assembly. Karen Kennedy and Dave McKinney were Dressy Dress-up Day awards winners: Dave Ward and Sue Scharffe were the best dressed on Lumberjack Day; and on Crazy Dress-up Day Kelly Crampton and Kelly Monsees won and Jeff Ezop was honorable mention. On Blue and Gold Day Troy Tuck and Leann Tafel won with their sexy legs. Todd Hall was crowned King.

Spirit Week had to be termed a success with all the Hillite enthusiasm.

The King Arthur Assembly was quite a success this year. Members of this year's court were: Chris Burdick, Reginald Turner, Troy Martin, Scott Pfander, Saul Rincher, Ricky Rosenthal, Roland Rance, Ted Grigg, Eddie Dunn, Dave Ward, Matt Hanley, George Mushatt. **Sir Gallahad:** Corey Robinson. **Sir Lancelot:** Brent Alfano. **King Arthur:** Todd Hall.

Seniors Have Great Year

This was the year for Seniors. Everything they've done proved that their class was the most successful in everything from academics to leadership to sports, and of course, imaginative pranks.

The Powder Puff game was won by the Senior girls. At the start of the year, the Class of '87 was well on their way toward scaling the Hill.

"The best year Arthur Hill has ever had or will ever have is the 1986-87 school year," said Charlotte Bodiford '87.

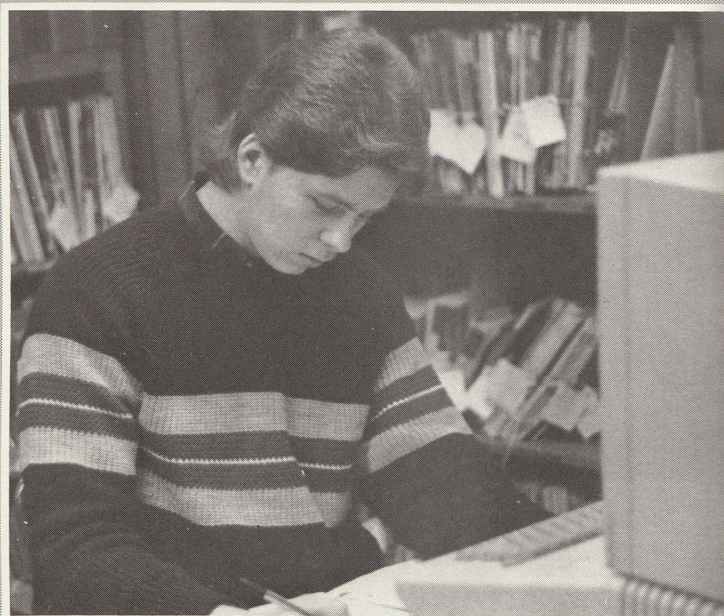

Ricky Lee '87 said, "I think that the Class of '87 has just been ravishing." Scott Huffman '87 said, "It's the best year of my life!"

Some of the questions that aroused seniors in their final year were "What college should I attend?" "What kind of career do I want to go into?" and the ever popular, "Am I going to graduate?"

Success showed up in the Class of '87. Agreeing is Mr. Luxton, who said, "They have positive mental attitudes (PMA) and should be very successful in life."

All of the Seniors in their own way helped boost the Class of '87 over the Hill. Chandra Jones '87 said, "The Class of '87 is the greatest year ever dreamed of and the best year there ever was!" Reggie Mack '87 said, "Now that the Seniors are over the Hill they have earned a license to ill!"

Seniors, in their last weeks at the Hill, get very sentimental and sometimes act weird -perhaps, not wanting to leave. As it gets closer to the end, however, Seniors regain their senses and generally get spring fever. Seniors agree, "We have gotten over the Hill, but we will never forget it!"

Roaming the Halls Can Be Dangerous

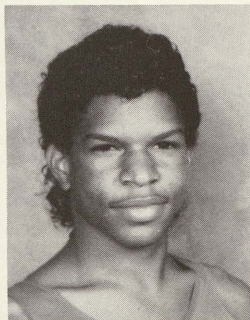

Many students go to the cafeteria, not only to eat, but to study, socialize, or to just relax. Spencer Andrews '87 takes advantage of his open hour by doing his homework. Students are expected to go to the cafeteria or the library when they are not in class. This lowers the noise in the halls when classes are in session. It can be dangerous walking the halls without a pass when a sweep is in effect. The offender receives a one-day suspension. Take it from Spencer, go to class!!

Hillite Highlights

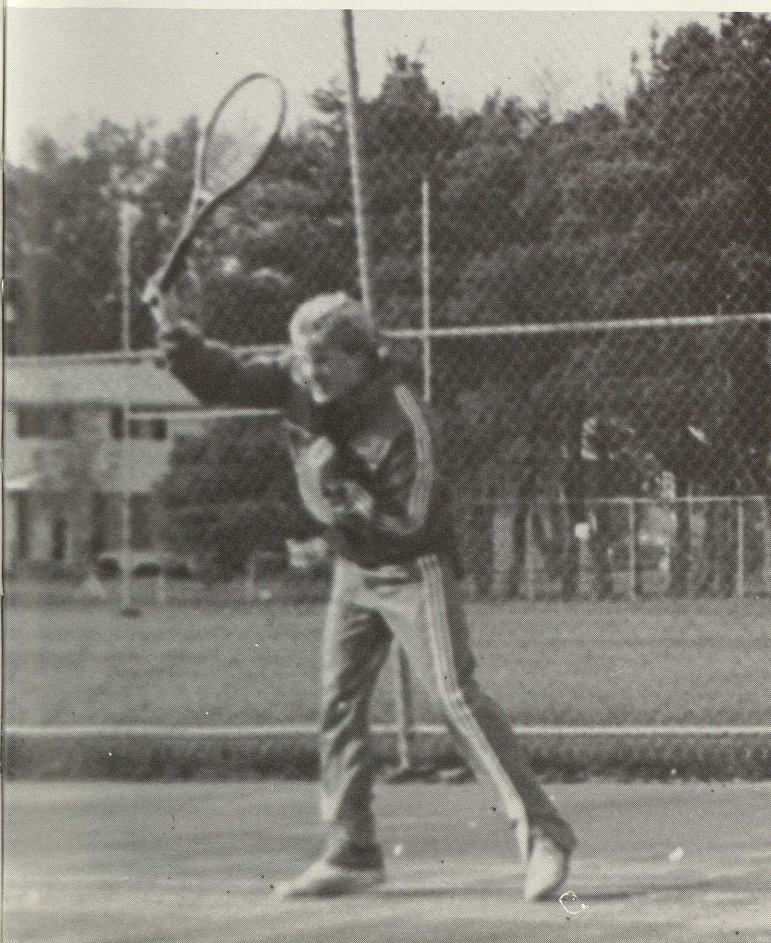

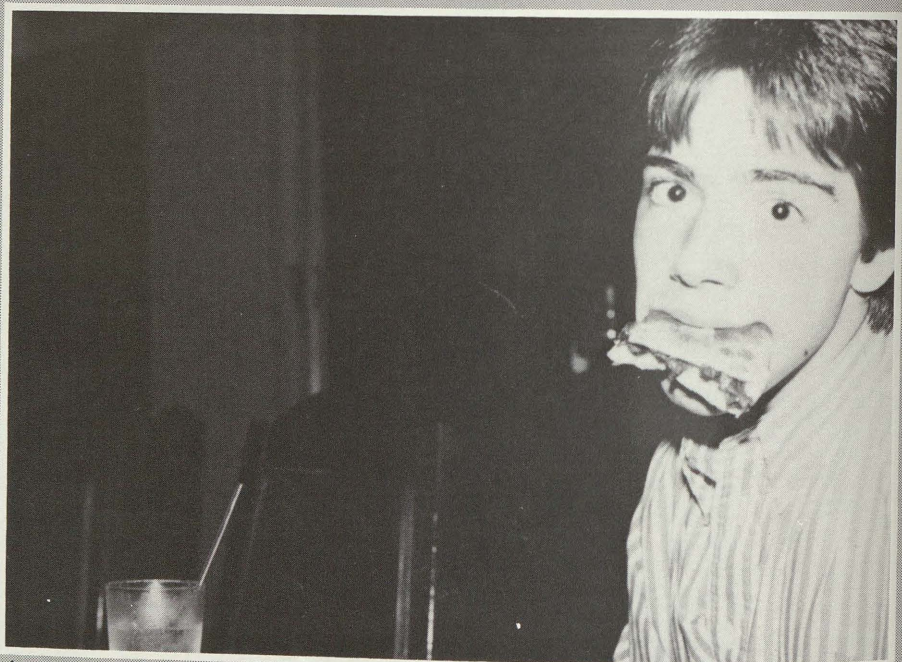

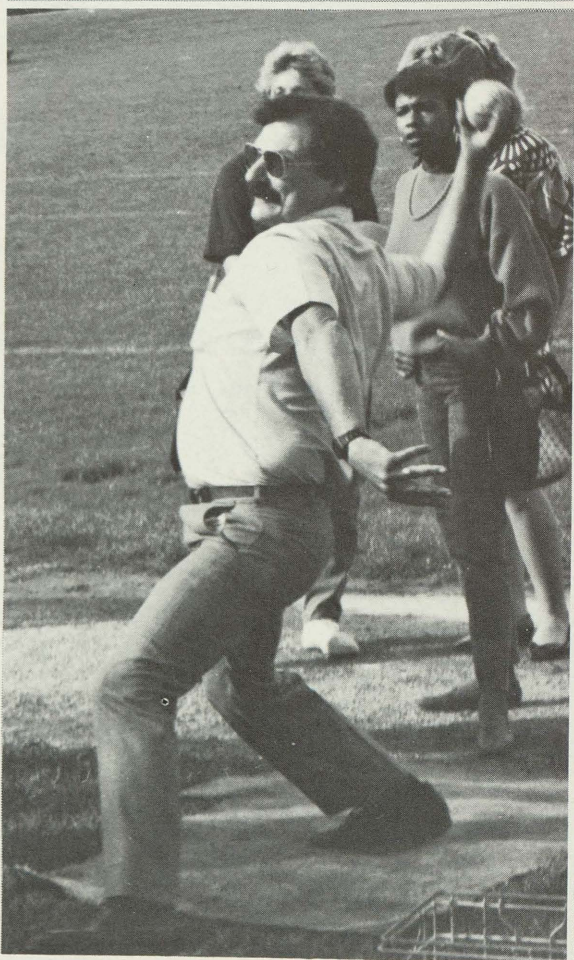

Organizations Promote Social Interaction

Clubs and other groups at Arthur Hill make up an important part of the school.

The Parent Advisory Council, the Student Council, the Pep Club, Cheerleaders, and Pom-pom girls generate spirit and caring in the school.

Some groups help students learn social and practical skills. French Club, Yearbook, Band, Drama, Newspaper, Choir, 4-H Club, Biology Club, Art Club, Black Studies Club, and Latino Action Club are some of these. Not only are these clubs for learning, but for fun as well.

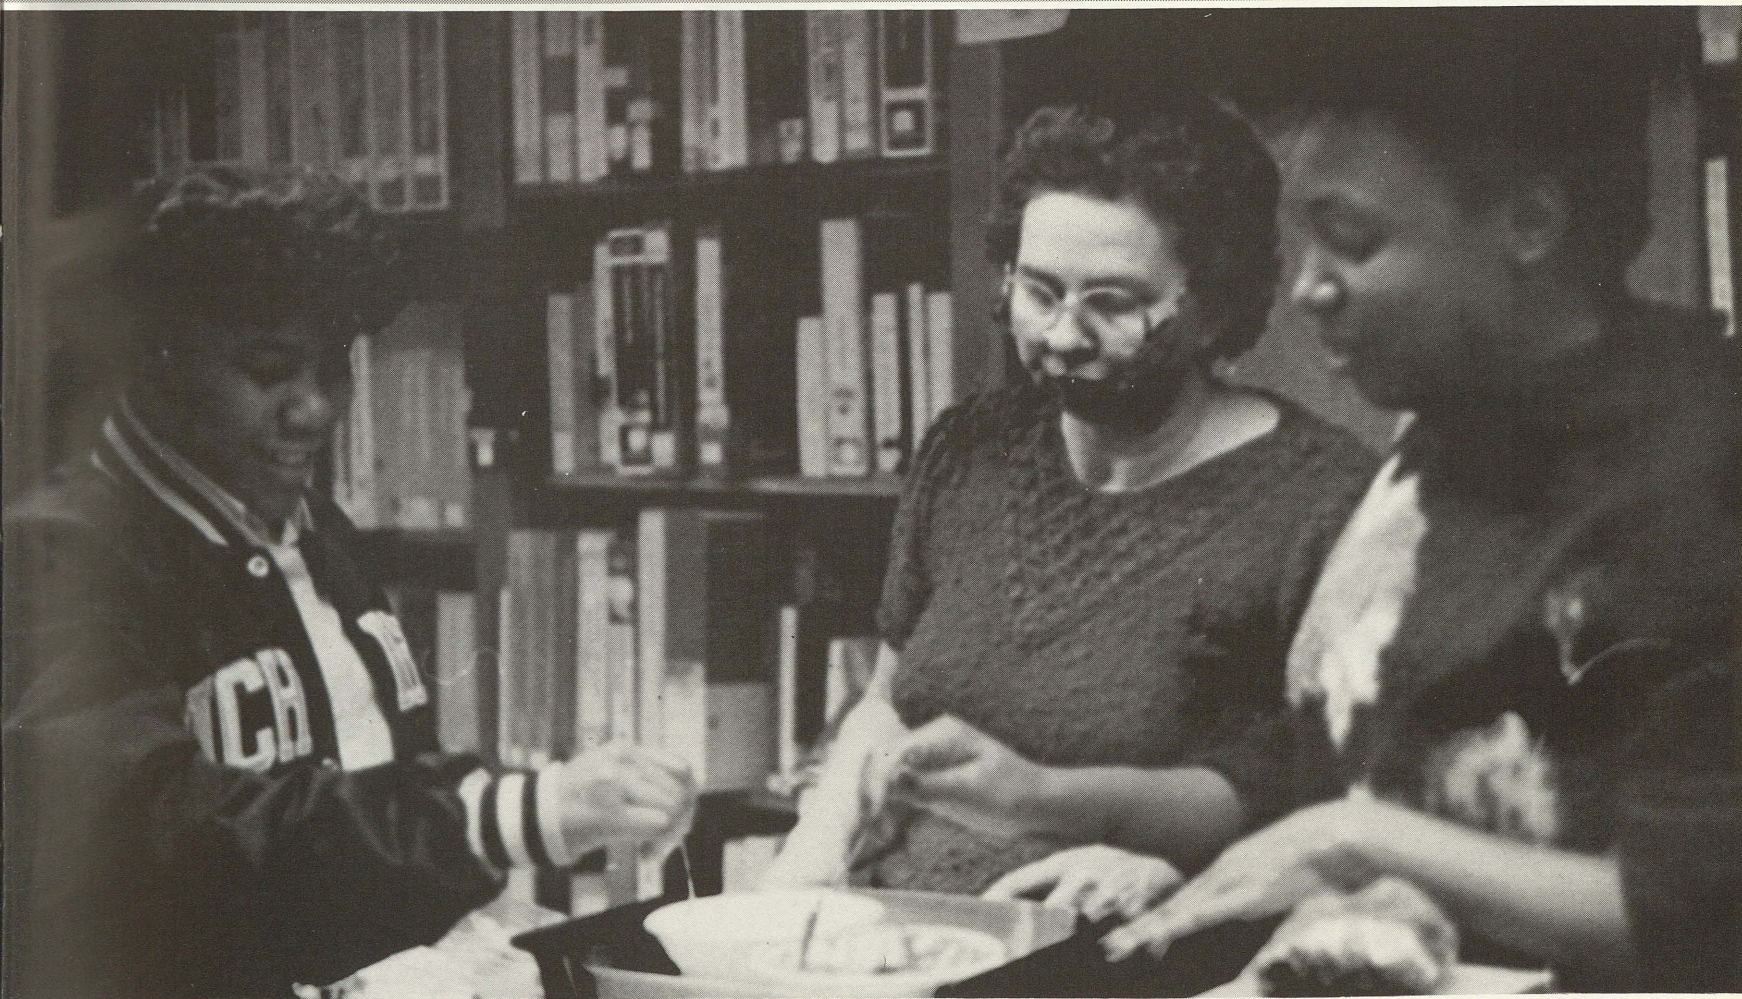

Groups at Arthur Hill work together within the school and the community to improve life for the students and teachers at The Hill.

Clubs & Organizations

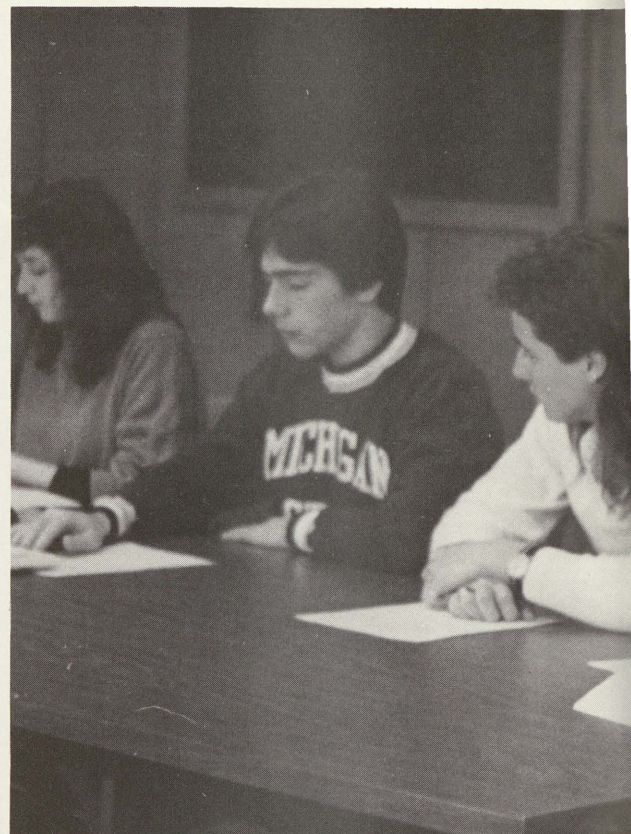

Student Council Urges Involvement

The goal of this year's Student Council was to get the student body involved in school activities and projects to improve school support. They sponsored dances, like the Homecoming Dance, decorated the halls for Blue and Gold week and Homecoming, promoted sports, helped with Pep assemblies, sponsored blood drives, and the members of the Council were hosts and hostesses at special functions and ceremonies. They raised eighty-seven dollars at our Lumberjack Fiesta, which they organized with the help of the Parent Advisory Council. The purpose of fund raisers was to get enough money for the Senior Prom and the annual Senior Party. The Council consisted of eight representatives from each grade and four officers elected by the student body. There are also the jobs of the historian and the parliamentarian, which are represented by the two non-voting members who are nominated by the Council. Mr. T.J. Luxton was the Student Council Advisor. The 1986-87 Student Council was well organized, hard-working, and made this year a very productive one.

SADD Battles Tragedy

This February Arthur Hill formed their own Students Against Driving Drunk chapter with the help of Student Council and teachers Mr. Ed Periard and Mr. Mike Faerber. The national organization of SADD was formed four years ago in Massachusetts. The primary function of the group is to inform students of the dangers of driving drunk, which happens to be the No. 1 killer of teens in the nation.

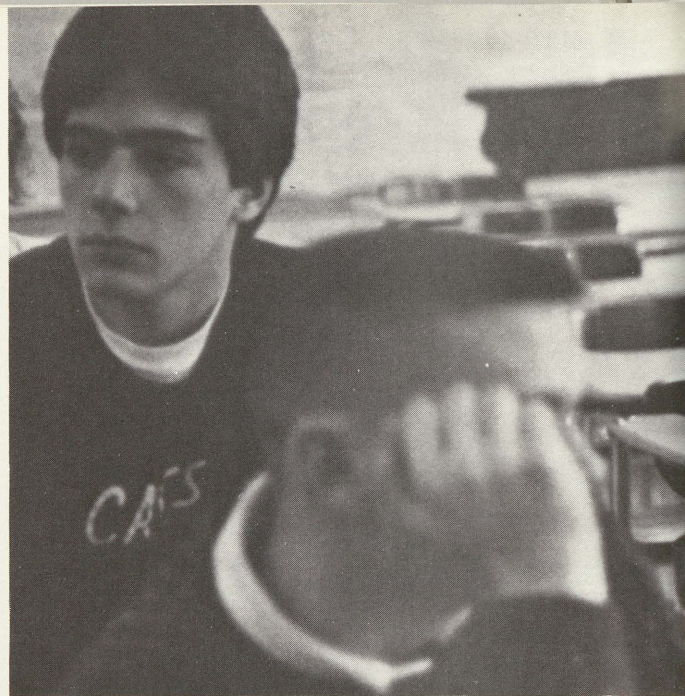

Chapter President Bryce Bengry said, "I realize that we didn't do much this year, but next year we hope to do twice as much to promote the idea that drinking and driving don't mix." Bengry went on to say that the group would be concentrating on Project Graduation this Spring, a local campaign to keep seniors from getting in trouble with driving and alcohol during the June celebrations.

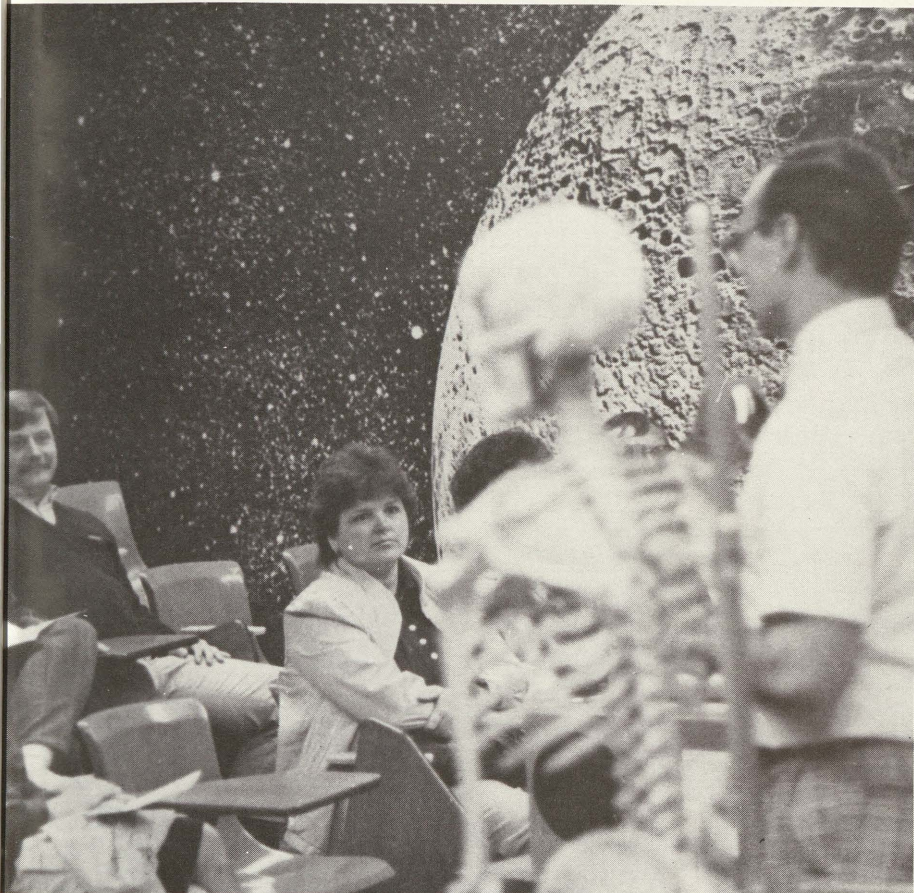

Officers for the chapter this year included President Bengry, Vice President Sue Scharffe, Secretary Heidi Dashkovitz, and Treasurer Matt Kibby. All the officers and members said if their efforts prevented even one tragedy they would have been a successful club.

PAC Encourages Academics, Activities

The Parent Advisory Council is a big part of Arthur Hill. They sponsored many functions throughout the school year such as the Pancake Breakfast, the Honors Breakfast, the Faculty Appreciation ceremony, and they also publish a newsletter. It helps keep parents and students informed as to what's happening at Arthur Hill. In order to raise money to continue their activities the PAC sponsors an Annual Arthur Hill Auction, a AH Fiesta and a bake sale at the Christmas Bazaar.

"We at the PAC appreciate all the valuable assistance we receive from the faculty as well as the parents," said PAC co-chairperson Marilyn Sawyer.

The executive board members also include co-chairperson Kay Wyatt, Vice Chairperson Pat Korting, Secretary Judy Henning, Treasurer Annie Rosales, and Corresponding Secretary Bernice Szczypka.

The Pep Club Comes Alive

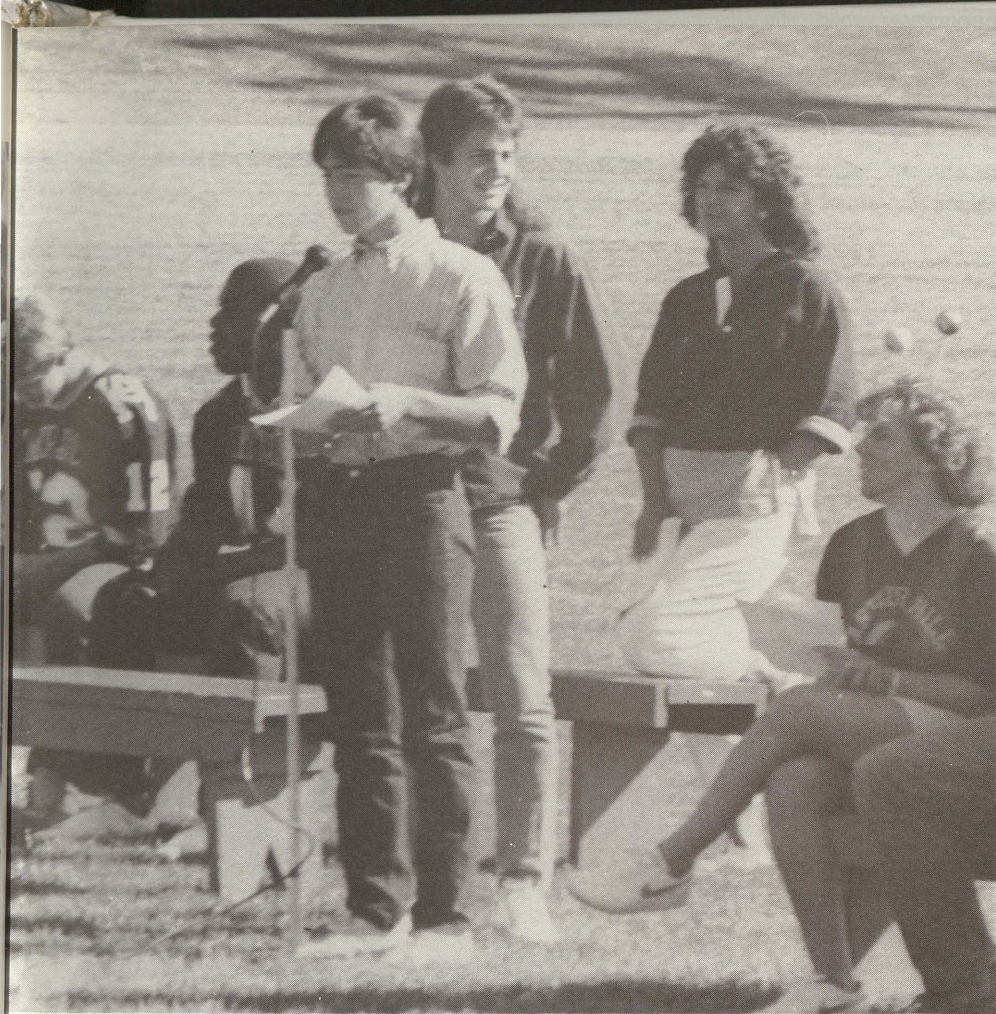

This years Pep Club President was Roxanne Packard. Roxanne along with Vice-President Sue Scharffe and Advisor Ms. Ugartechea and other pep club officers and members accomplished alot of things this year such as Pep Club skits and speeches for the pep assemblies. Even though there were few, it was hard work for the people involved. The Pep Club also decorated the float and halls for Homecoming, and the gym for the Homecoming dance.

This years Pep Club wrote the first set of Bi-Laws for Arthur Hill. "In the future the group would like to be organized and formal, the idea of a constitution will help alot!" says President Roxanne Packard. "We worked many hours putting these Bi-Laws together, I hope they last for years to come." says Vice President Sue Scharffe.

Exchange Students Find U.S. Rewarding

Being an exchange student can be a rewarding experience. And so it was for the ten students who came to Arthur Hill this year. They came from countries all over the world; stretching from Canada to Norway and from Greece to Paraguay. For them, life here was new and exciting.

Robert Birks, Markus Lueber, Paul Masson, and Kevin Rost, came here to play sports; while Lene Holm-Petersen, Christos Kiosses and Oyvind Gronflaten came for a change from their routine life.

One of six children, Oyvind Gronflaten came to Arthur Hill from Oslo, Norway. "I just wanted to do something different. I wanted to see some change," said Oyvind '87. He liked Saginaw because of the wide variety of things to do. His favorite activities are soccer, swimming, and basketball. Although he liked Saginaw, he could not wait to return home and see his family and friends.

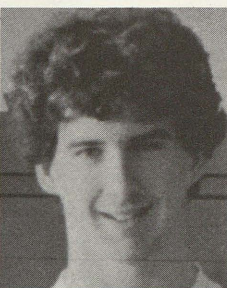

Mr. Thill, an AH history teacher, shared his home with Kevin Rost this year. Kevin is from Windsor, Ontario, Canada. "There is not a real big difference between here and Windsor, but I am having a great time," said Kevin '88. During the year he participated in hockey and he was the manager of the girl's swim team. He has not made up his mind as to what he will do after high school. "All I want to do in life," said Kevin, "is to do the best that I can to succeed."

Nicola Wistaedt is a native of Hannover, West Germany. At Arthur Hill, she participated in tennis, powderpuff football, French club, and ski club. Her favorite pastimes are horseback riding and rowing. When she returns to Germany, she will have to complete two more years of schooling. In college, she plans on majoring in veterinary medicine or architecture. While she was staying in Saginaw, her host family was Dr. and Mrs. Knowlton, and their daughter Elizabeth.

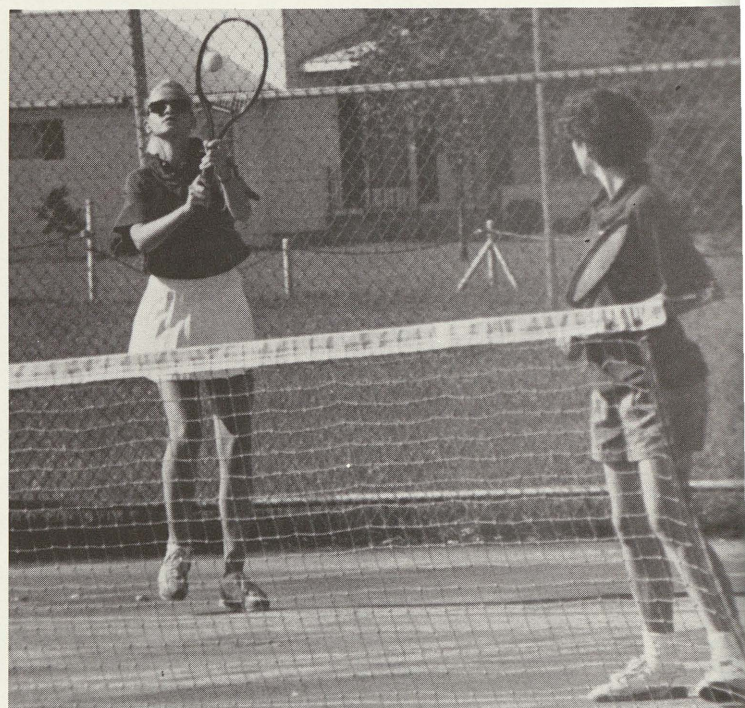

"I want everyone to know that I'm here," said Markus Lueber '87, of Kuesnacht, Switzerland. He spent the year with Chad Dana's family. He loves to play hockey and tennis. Homework took up most of his time. One thing that Markus liked about Saginaw was that he could shop on Sundays and during the evening. Like his fellow countryman Cuno Pfund, he missed nothing from home.

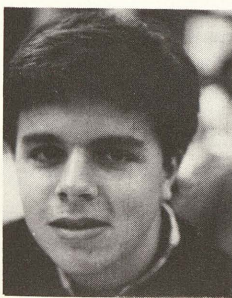

Christos Kiosses of Thessaloniki, Greece came to stay with the Brooks' family. He not only attended Arthur Hill, but the Center For the Arts and Sciences, in the theater department. Back home in Greece, he was the lead dancer in his Greek dance club. He has composed four songs, and he loves to play them on the piano. He also loves slurpees, and he worships Iron Maiden. The one thing he hated about Saginaw was the cold. It snows once or twice a year in Greece.

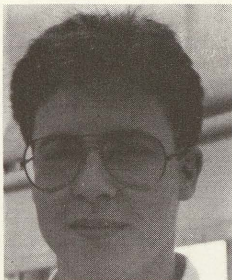

Each student was required to take American Lit, U.S. History, and government; so they could understand the way the United States functions, and to learn more about American people. Each student was allowed to pick electives to complete their schedules. Many participated in hockey, tennis, soccer, swimming, powderpuff football, basketball, French club, Ski club, and the Pep club. They also enjoyed going to the movies, shopping at the mall, and going to dances.

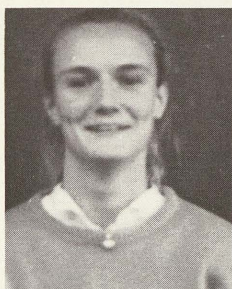

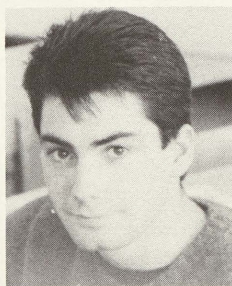

A native of Paraguay, South America, Juan Oviedo came to live with Rev. and Mrs. Keely. Besides missing his family, Juan missed the weather. While at Arthur Hill, he participated in soccer. He loves to run and play all types of sports. When he is by himself, he relaxes by listening to the radio. His favorite foods are hamburgers, pizza, and tacos. "The best thing about coming here was the advantage of seeing another country, which most kids my age never get to do," said Juan '87.

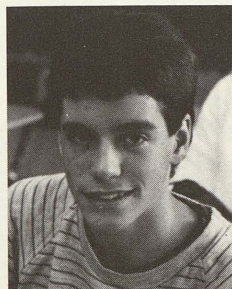

Swiss born Cuno Pfund came to Saginaw with high hopes of making this a year that he would never forget. During the year he participated in two varsity sports, tennis and swimming. He enjoys playing the piano, watching television, and driving around the city. Drafting and computers were two of his favorite classes. While he was here, he stayed with the Pinaire family. He is from Solothurn, Switzerland. When he returns home in June, he has seven more years of school.

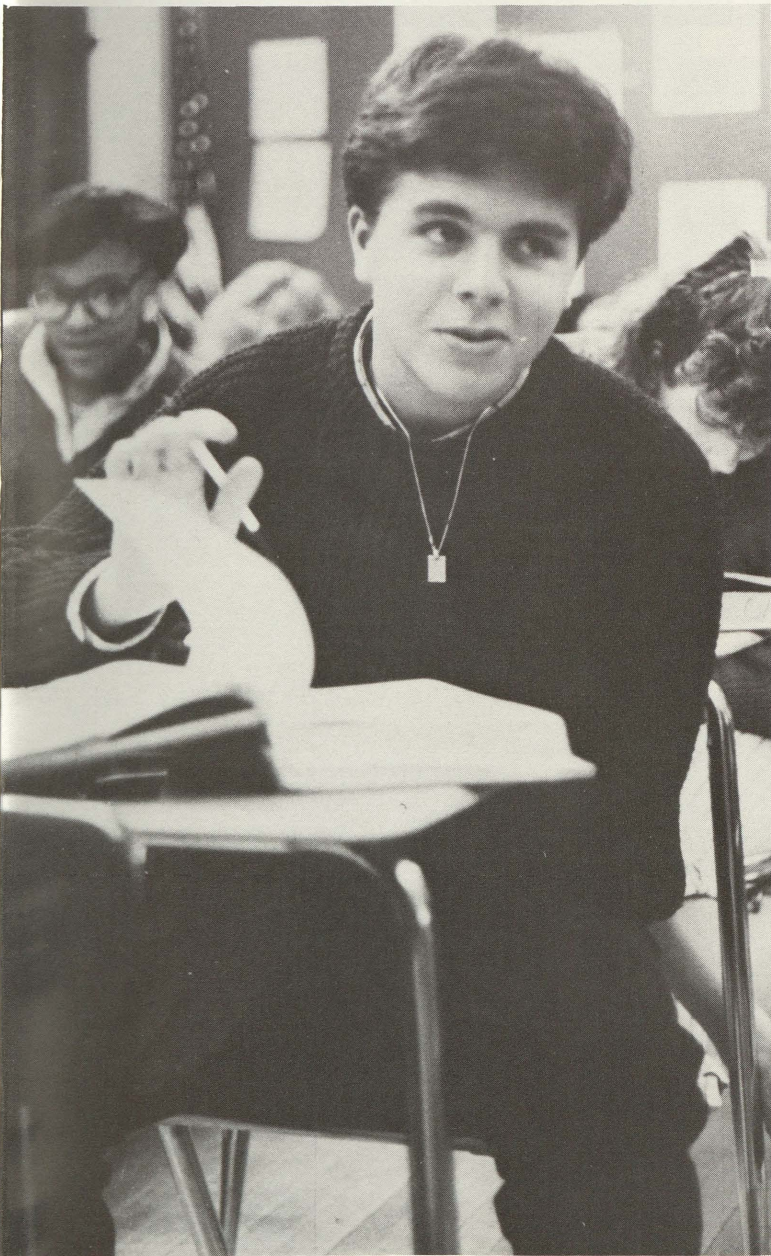

Lene Holm-Petersen came to Saginaw from Helsingør, Denmark. While she was here, she stayed at the household of Robert Wesolek. Lene '87 said, "I have had so much fun here, that I want to stay a little longer." She lives for junk food and loves to dance. She enjoys all kinds of music, and spends hours watching MTV. This year she was involved in swing choir. In Denmark, she worked in a bank. She became an exchange student because life in Denmark was boring.

Canadian born Paul Masson came to Saginaw from Sicamous, British Columbia. He missed the mountains, and his friends from home. He likes downhill skiing, rugby, and scuba diving. During the summer, you could find him lying on the beach, swimming, or going to parties. His favorite foods are pizza, and steak sandwiches. Paul, who stayed with Mr. and Mrs. Jerry Schram, thought the best thing about Saginaw was all of the good friends he made during the year.

"I came to Saginaw to get a better education and to try to play high school hockey," said Bob Birks '87, from Sicamous, British Columbia, Canada. He enjoys playing hockey, going out with friends, and going to parties. He misses the view of the lake from his house and the mountainous scenery. His favorite television program is Airwolf, and his favorite saying is "What's up?" The hospitality of the people made this year easier for him. He stayed with Dr. and Mrs. Dawson.

New Directions for French Club

After several years without a French Club, Arthur Hill had a rebirth this year. With much help from Mademoiselle Deford, this club was a success. The leaders were President Jenny Sparks, Vice President Stephanie Scott and Secretary-Treasurer Liza Crozier. Not only were the officers necessary, but participation from its members was a must. Due to that cooperation, the club earned money in its two fund raisers: selling suckers toward the beginning of the year and selling hand-made crafts at the Arthur Hill Christmas Bazaar.

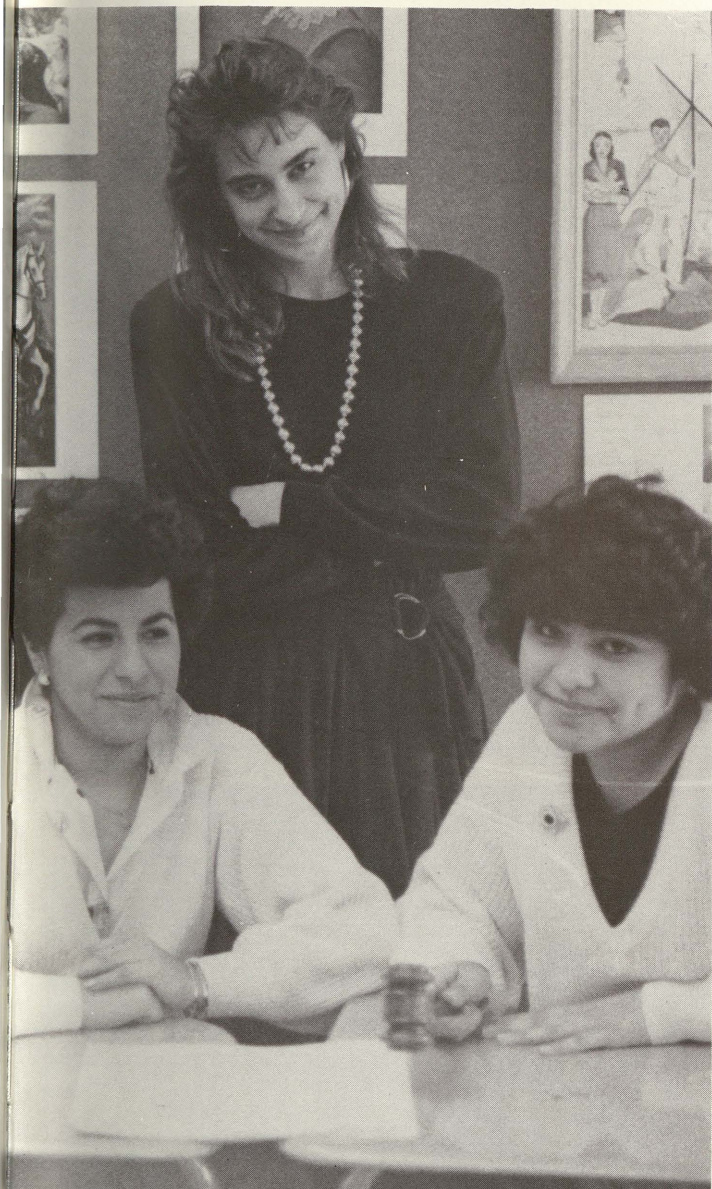

Another major event in the club's year was a foreign language banquet. The French, Latino and Spanish clubs participated. The French Club did two skits, "Little Red Riding Hood," and "The Three Pigs" all in French. All the clubs made foods native to each of the countries.

Spanish Club Active Early

This year's Spanish club started out with a number of fund raisers and activities including a number of dinners. Maria Juarez, Lori Baukus, Aimee Call, Nancy Washburn and Amy Young did a great job in charge of fund raising. Club officers included President Pablo Ruiz, Vice President Maria Juarez, Secretary Marguarita Juarez and Treasurer Rebecca Rosales. The club wasn't as active second semester as they have been in year's past with seniors concentrating on graduation.

Photo Club Sees Through Different Eyes

The Arthur Hill Photo Club got off the ground in the winter of '87, under the direction of new journalism adviser Mr. Patsy Procuro. The group sponsored lectures and went on photography fieldtrips to expand their knowledge of this hobby. Emphasis of the lectures ranged from how to operate the 35 mm camera to good photo composition principles. At other meetings members just shared their pictures, helping each other learn. Meeting every week the group plans to hold a photo competition this spring.

Latin Club Gets Started

The Latin Club this year consisted of several students from Ms. Roberts Latin Classes. She said, "It's not really a club, but just a group of my students interested in Latin Studies."

The major event of the club this year was the Foreign Language Banquet in March. The club put on a puppet show of "Goldie Locks and the Three Bears" in Latin, of course. At the banquet the club also made gyros.

The Latin club also studied Mythology and the use of Latin in the world today.

BOTTOM LEFT: Ms. Roberts helps Latin club member Julie Holmes prepare a toga for the Foreign Language Banquet. TOP LEFT: Kay Hoffman and Ms. Roberts study Mythology. ABOVE: Students Aaron Watenberg, Heather Henning and Rick Rosenthal play a friendly game of Latin Trivial Pursuit.

4-H Learns By Doing

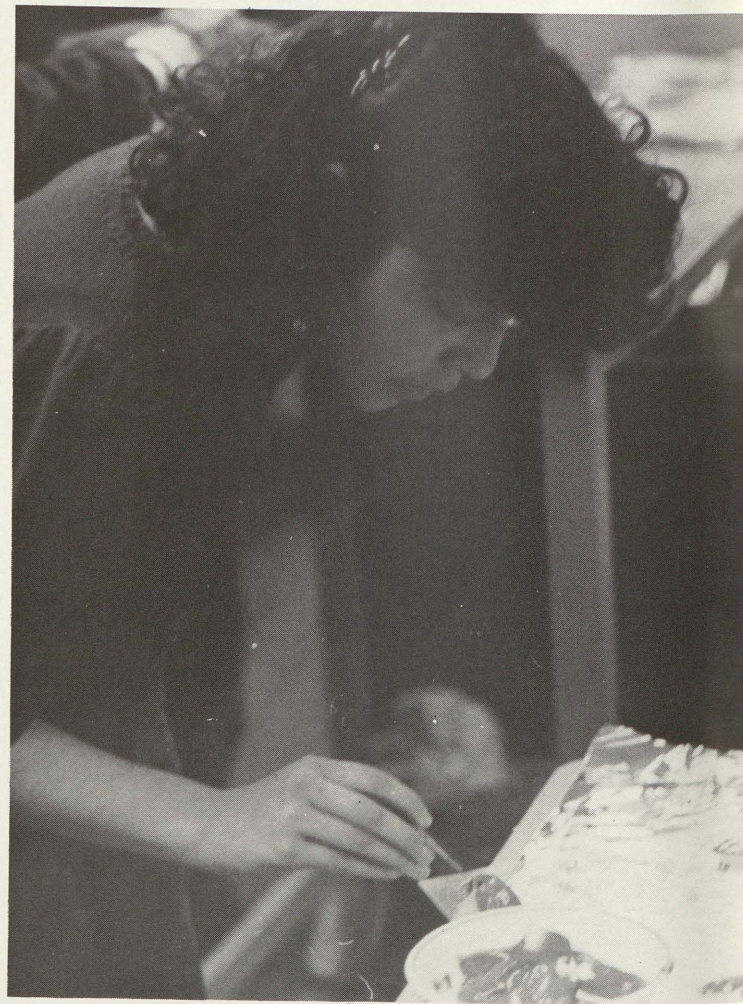

The 4-H club members have participated in such activities as photography, cross-country skiing, dancing, aerobics, making candy and even climbing mountains. Involved in many fund raisers, the group provides monies for scholarship to its members to the Ketchum Center, Michigan State University's Exploration Days, and any other 4-H sponsored trips.

Arthur Hill's 4-H is directed by Mrs. Carol Schluckebier. She said, "The 4-H Club is a good opportunity to learn and enjoy."

Art Club Provides Creative Learning Experience

Arthur Hill's Art Club is directed by Mrs. Bobbi Vitito. They met every other Tuesday at 2:35 in the Art Room. The club provides a necessary function for the school with various decorating activities and helping with the scenery when the Drama Department needs a hand.

This year the Art Club did all the scenes and sets for the drama club's production of "Alice in Wonderland." The club was also very valuable to the Latin club in creating the scenery for their play "Goldie Locks and the Three Bears," at the Foreign Language Banquet.

Said Art Club President Tim Albee, "It started out small but the club has grown over the year. It was a good experience for me and the rest of our members."

Alice Stumbles to the Hill

This year's Drama production was "Alice in Wonderland." Sophomore Stasi Schaeffer played Alice, the lead role. She said, "I love Alice. She is such a wonderful character to be."

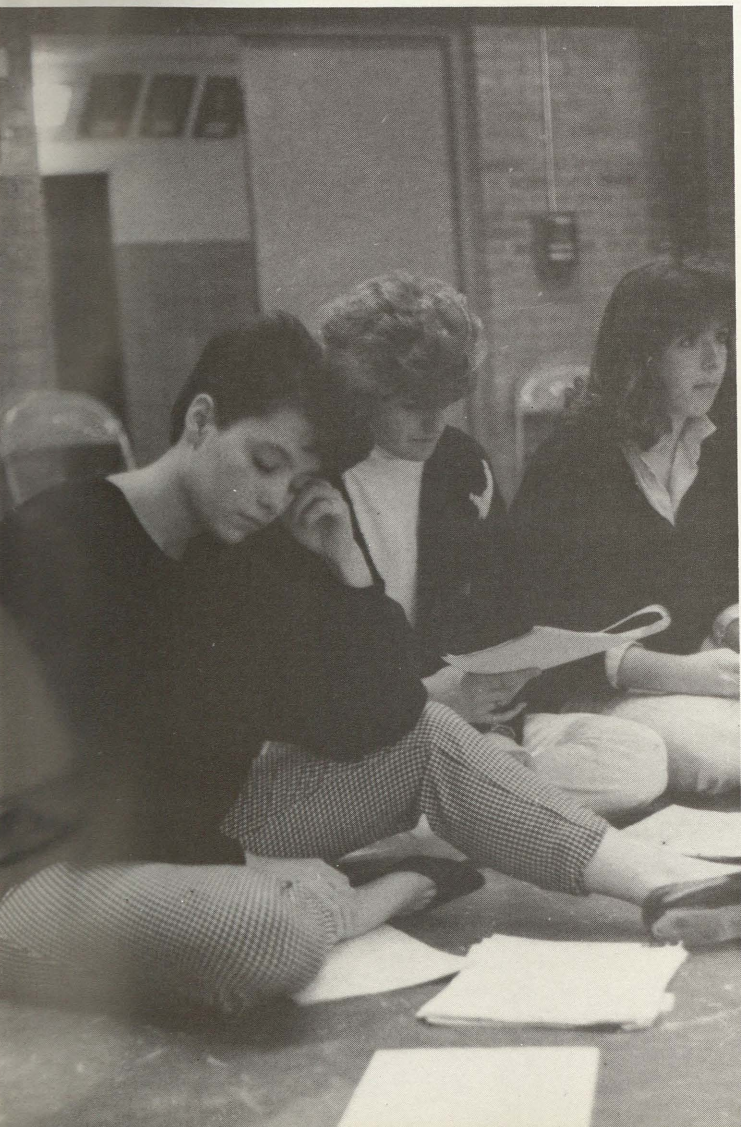

Mr. Don Durrett looked forward to the performance from the first practice. "We have a lot of great talent. I can't wait for the production." Mr. Durrett is the director of the play.

The scenery this year was made possible only with the help of the Art Club and especially Mrs. Vittito, club adviser.

"Alice in Wonderland" was performed on May 9 at 7:00 p.m. The show was a big success and delighted all who saw it.

Singing and Swinging With the Beat

One part of our Fine Arts program is vocal music. Arthur Hill had two classes—mixed choir and the highly acclaimed jazz choir. Mixed choir performed at assemblies and such. The jazz choir performed for various organizations; professional and civic groups; and nursing homes. They also traveled to competitions and festivals.

Jazz choir member Jennifer Ball '87 said, "It's a wonderful experience like a family atmosphere." "It makes people smile," was senior Kim Young's reason for joining. Both of the choirs take a lot of time to practice and are dedicated. It's not as easy as it looks, but most said it was well worth it.

Yearbook Class Strives for Top

This year's yearbook staff strived to make the 1987 Legenda a success despite getting used to a new adviser. Mr. Patsy Procuro came to the Arthur Hill with excellent ideas for the book. Esther Oh, ad manager, launched a successful ad campaign which provided more pages in the Legenda than the '86 edition. She said, "Being in charge of the ads made me feel like I accomplished something and it also taught me to handle a lot of responsibility."

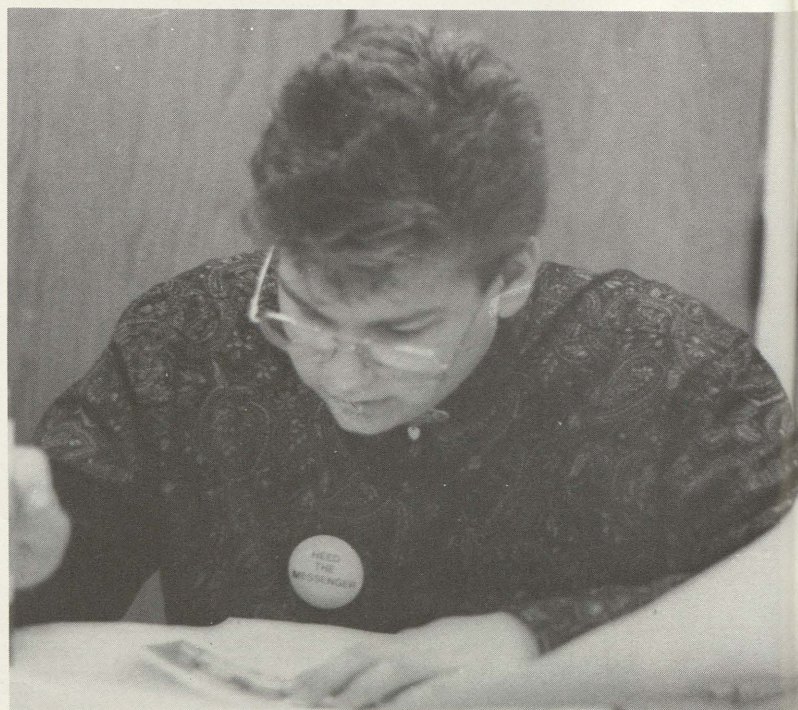

The yearbooks went on sale the week after Homecoming for four weeks. Because of the class' efforts the net was a 150 book increase over last year's order.

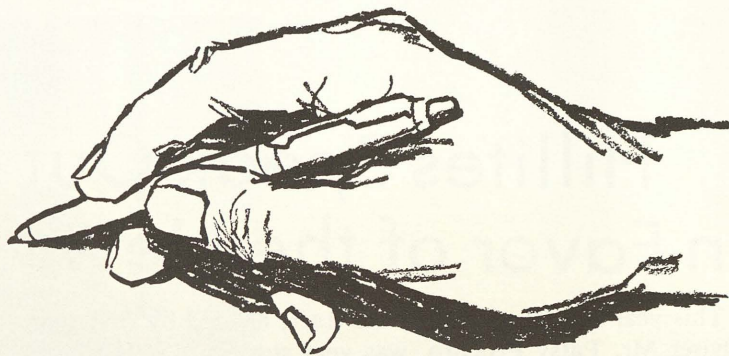

Junior co-editors Dan Smith and Pam Unger took on the difficult task of organizing and overseeing the entire project. Both said they enjoyed the fact they were given added responsibilities, but also said it was lot of work. Especially helpful was the work of Chris Swick, also a junior, who took over the darkroom where over 500 photos were processed.

Mr. Procuro said the entire staff was to be congratulated for their efforts. Work has already begun on the 1988 Legenda.

Hillites Speak Out In Favor of the News

This year's Arthur Hill NEWS staff, headed by first-year adviser Mr. Patsy Procuero, was very successful. "It's been fun because most of the staff really strived to be what they could be and as a result the NEWS has shown great improvement in quantity and quality," Mr. Procuero said.

The AH NEWS was distributed through fourth hour class to over 800 Hillites who purchased pub stubs. On the whole the response to the new NEWS has been very positive and most feel it is very informative. The NEWS tried, under the direction of editor-in-chief Todd Schulz '87, to provide editorial leadership for the benefit of all Hillites. With the addition of the "Hillites Speak Out" column and "Your View" the NEWS tried to be more accessible to the student body and give their opinions a platform.

In the last few issues of the NEWS a larger broadsheet format was tried. Newspaper students got a chance to work on a "real" sized paper in an effort to prepare for college journalism. Members of the class visited the Saginaw News for exploration days and went to the campuses of Eastern and Central Michigan Universities to get first-hand information about their programs.

Band Rocks the Hill

The Arthur Hill Band has been outstanding this school year. They have performed at various events and activities including playing at the Veterans Hospital, pep assemblies, the dedication of the gymnasium, half time at football games, the Pride Parade, and also the Christmas Concert of '86.

This year the band consisted of 74 members, 12 of them being color guard. The band officers were Senior Heather Troup, Juniors Andy Dunham and Laura Fahndrick, and Sophmores Ken Fredrickson and Leonard Jones.

Many members felt that being a part of the band was both exciting and challenging. Barb Yacks '88 said, "I love being in band, we're all like family only we don't fight all the time." Several band members agreed and said that Mr. Kasten was a big part of this family. Jesse Sanchez '89 said, "Mr. Kasten is a great director, he pressures us into doing the best we can do and to never assume."

Mr. Kasten stated the band has made many improvements this year partly due to his pressuring the students. As he said, "The members are all really great people and their potential is only limited by the amount of effort given."

Enthusiasm Helps Make Cheerleaders the Best

Arthur Hill's cheerleaders had a sincere enthusiasm that radiated through the whole school. That's what made our 1986-87 cheer squad so special as they filled the school with such spirit.

This year's cheerleading coach was Mrs. Linda Jordan, also an English and Art teacher here at AHHS. She said she hopes to bring back "good ol' cheerleading." According to Jordan, in recent years cheerleaders have become "performers" rather than leaders. "I don't want my girls to entertain the crowd," she said. "I want them to get that crowd cheering."

The hard working squad, with Mrs. Jordan, brought about a greater enthusiasm and school spirit among Arthur Hill's student body. We'll never get over their encouragement no matter what the score.

Pom Pon Squad Entertains Hillite Fans

The Pom Pon squad proved that they were more than just girls who cheer up Hillites' spirits. They were also entertainers. To get ready for this year, they practiced twice a week and also last summer. They all went to a three-day Pom Pon camp at Saginaw Valley State College. Chris O'dett said, "I thought Pom Pon camp helped bring us together as a squad and also it helped to improve our showmanship." At SVSC the AHHS squad was known as "the most improved group."

During the season their coach suddenly quit, but a new Coach Judy Erway came to their rescue. Michelle LeRoux said, "She (Coach Erway) made it possible to perform for the rest of the games and, without her, we wouldn't have had a King Arthur Assembly."

Even with their problems the Pom Pon squad worked on the King Arthur Assembly which was all prepared by the squad. With their new Uniforms, great hit songs, and their hard work, this year's assembly was great.

Hours of Practice

Arthur Hill was privileged to have a wide variety of athletic teams in 1986-87. Students who participated in team sports worked very hard with many hours of practice after school to strive for the top.

Shannon Kerr '88 said, "I played on the tennis team because I enjoy it and it broke up the everyday pattern of going to school. It makes me feel whole."

"I like the closeness of the team. When we win, we win together and when we lose, we lose together. Just being out there playing and competing against the state's best football teams is a thrill and the hitting is the best part," said Tom Zimmerman '87.

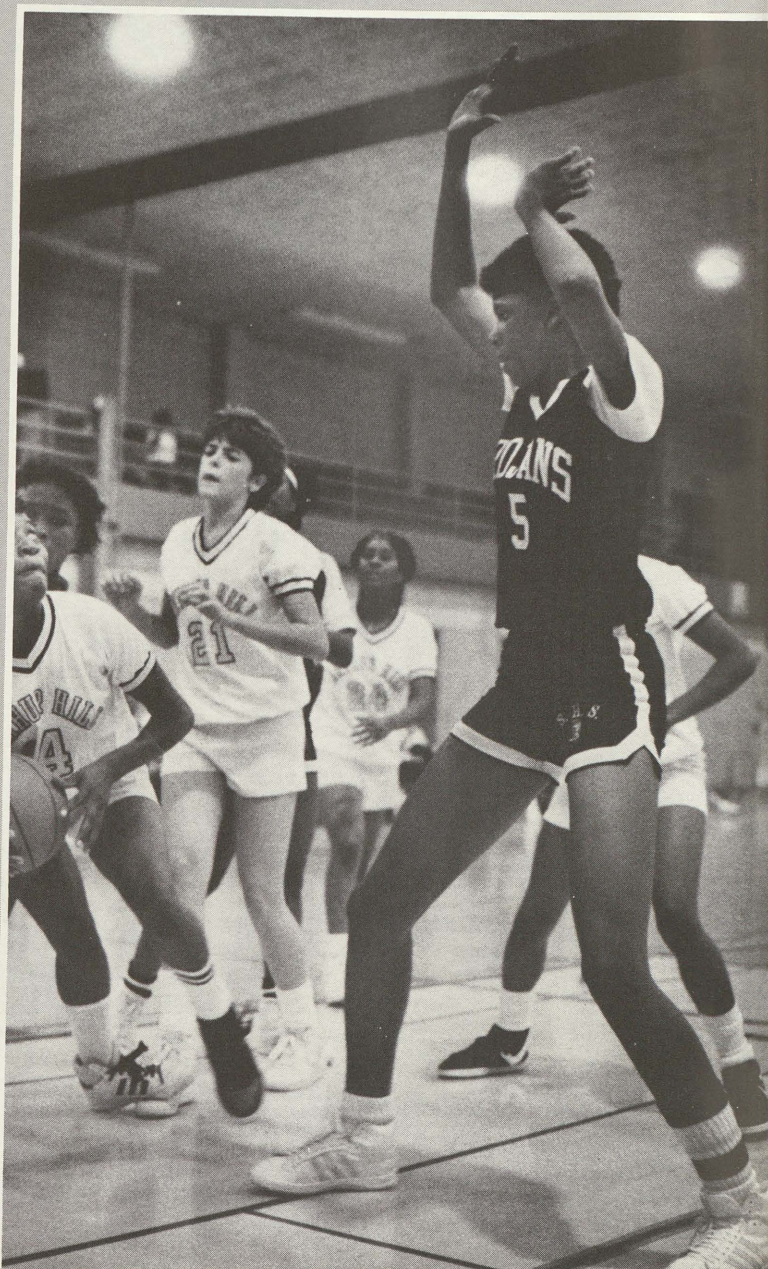

"Participating in sports has a great effect on you," said David Helpap '87.

"You try to do your best, so after you're done practicing you are very tired," he continued. "The hardest part is going home after practice and trying to do your homework. After a loss, it's not easy."

Any one of this year's crop of athletes will never get over the experience of playing for the Hill. They will remember the good times, and bad times, the victories and the disappointments, for the rest of their lives.

Striving For The Top

SPORTS

Varsity 5-4; JV 9-0

This year's varsity football team ended the season with another winning (5-4) season, but it took a final 11-8 victory over Saginaw High to do it and still maintain bragging rights in Saginaw. Two highlights that stood out this season included the Saginaw High win in the traditional season finale and a crushing 27-6 win over Flint Central. According to the head coach Jim Eurick, the dedication of the seniors and their never-give-up attitude was the key to a successful year. The results of their effort were seen in a much improved defense this year.

Roland Rance '87 said, "I felt we could have played a better, especially after the Flint Central win, but we had a lot of fun and some good games, too." Teammate Scott Pfander '87 also felt he personally could have improved, but it was an experience he'll never forget. "I'm going to miss going to the stadium. It was a lot of fun and a good experience," he said.

Arthur Hill's Junior Varsity squad couldn't have done better with a perfect 9-0 season. This was an all-out team effort with a number of individual standouts. Only good things can be in store for the '87 version of the Lumberjack grid squad. In any case parting seniors will never get over the experience of playing in the Memorial Stadium on the Hill.

So-called Rebuilding Team Astonishes All

The success of the AH varsity squad surprised many basketball fans in the Saginaw area. They not only had a lack of height, but they were very inexperienced.

Coach George Kubiak said, "We had trouble with taller teams all year, but for a team that didn't have a lot of experience we suprised a lot of teams." Some of those inexperienced players that gave AH help this season were center Kevin Boucier '88, forward Mike Welch '88 and forward Von Nickleberry '89. Kubiak said he feels all three are promising for next year. He also added T. J. Midcalf, a forward-center who moved up from the JV toward the end of the season. The success of the JV squad (18-2) has also got to be encouraging.

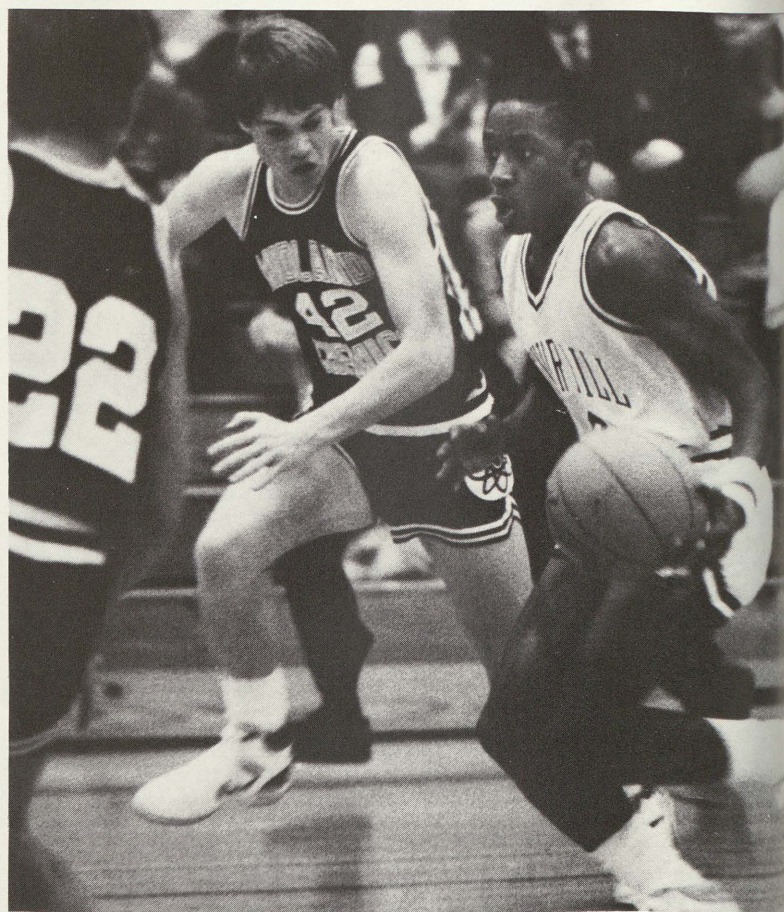

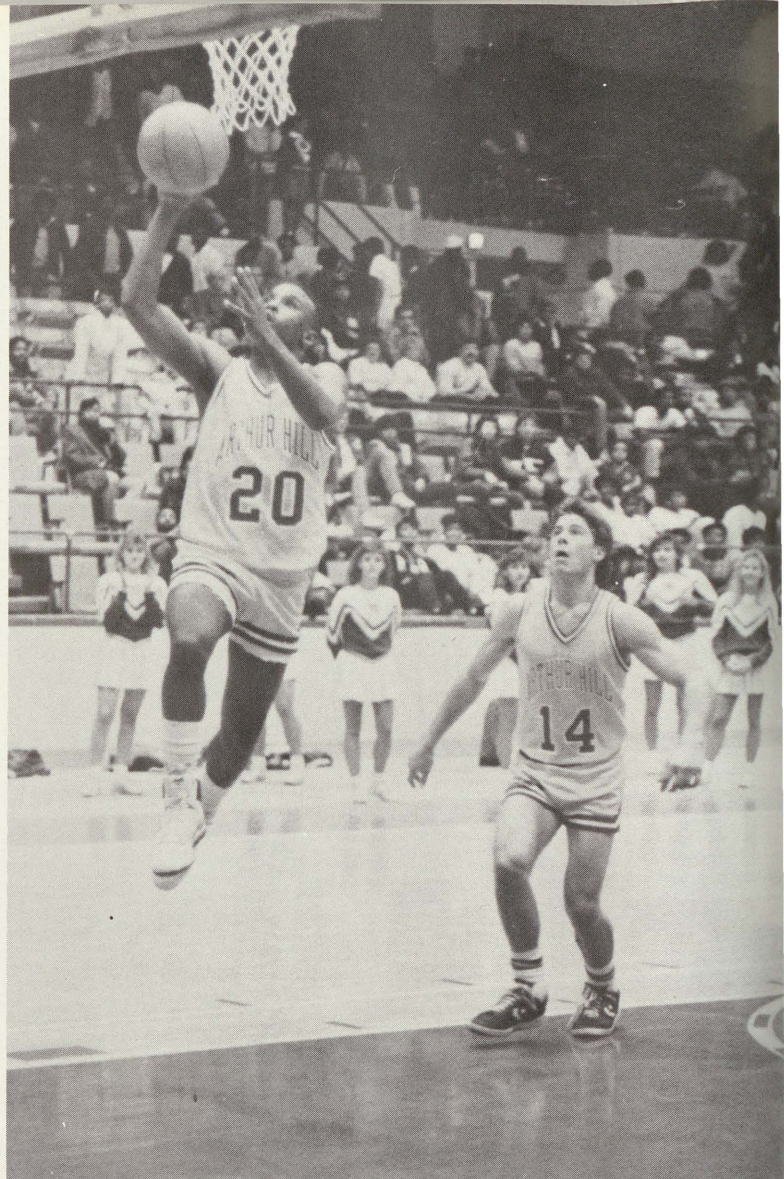

Seniors, of course, contributed greatly to the successes this season. Corey "Photo" Robinson, Brent Alfano and Rick Rosenthal provided necessary fire power from the perimeter and excellent ball handling when the pressure was on.

The only unfortunate loss of the season was 72-54 defeat at the hands of cross-town rival Saginaw High in the first game of the district tournaments. Perhaps with the promise of the future that too will be turned around.

Cagers Strive For Top

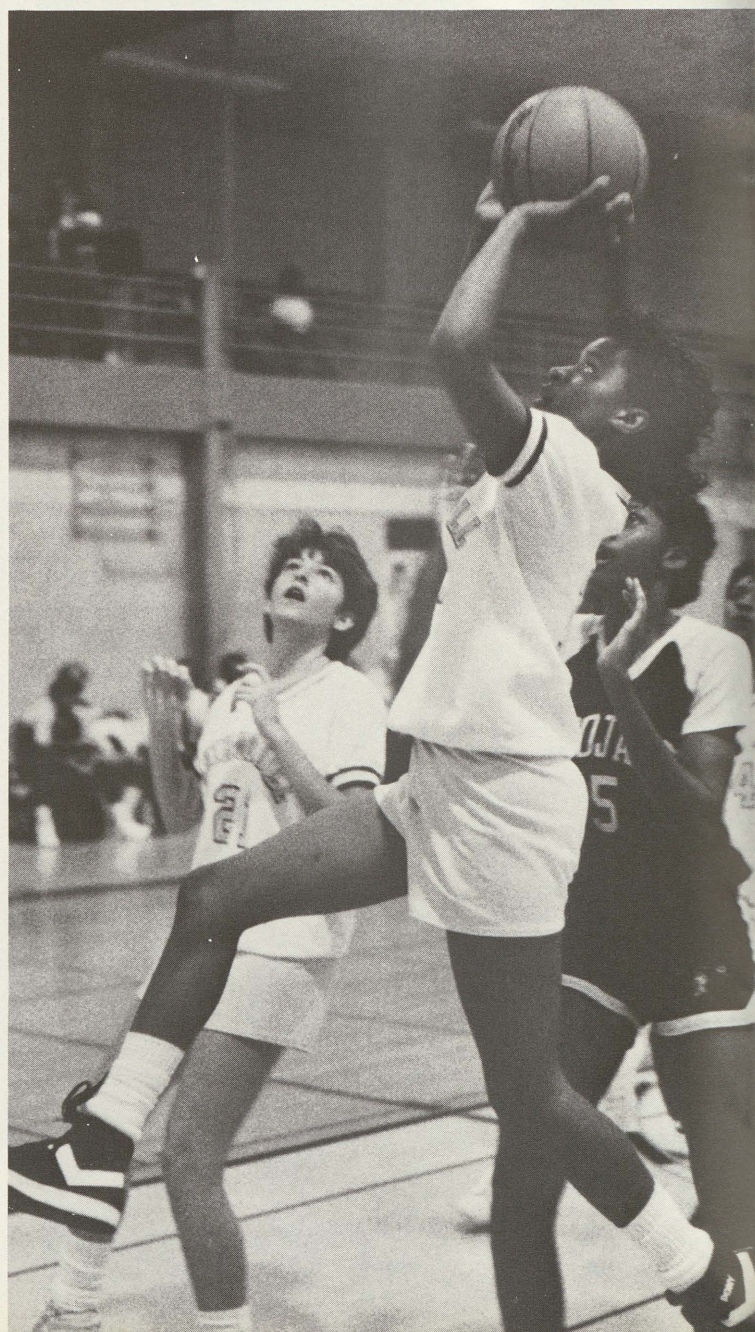

Success was the only word for the 1986 girls basketball season with a very respectable 14-7 record. They also copped third place in the Saginaw Valley League with a record of 7-3.

"The success of the season was due to balanced scoring and aggressive defense," said head coach Pat Teter. "We had to make up for a lack of heighth and we did it."

Faye Burt '87 said, "It was a great experience for me to play on the varsity team. I learned a lot of fundamentals. I'll miss playing with them next year."

The Lady Lumberjacks were well disciplined and worked as a team all season. Their quickness resulted in many steals and turnovers which they turned into fast breaks. Three of their seven losses were to eventual state champion, and cross-town rival, Saginaw High. Four starters averaged in double figures for the varsity including Cherina Loyd '88, who received the Most Valuable Player award, along with all-Valley second team and all-area awards. The Most Improved Player award went to Dana Sedwick '89 and the Blue and Gold award for Excellence went to Michelle McKim '87. Also leading the team in scoring were seniors Molly Minard, and Faye and Linda Burt.

Molly was the point guard and received all-area honors. Linda and Faye contributed many steals. The loss of these three seniors will result in a rebuilding year for the '87 Lumberjacks, according to coach Teter, but with help from the JV and new arrivals at AHHS we all hope it will be as successful as '86.

Return to Courts

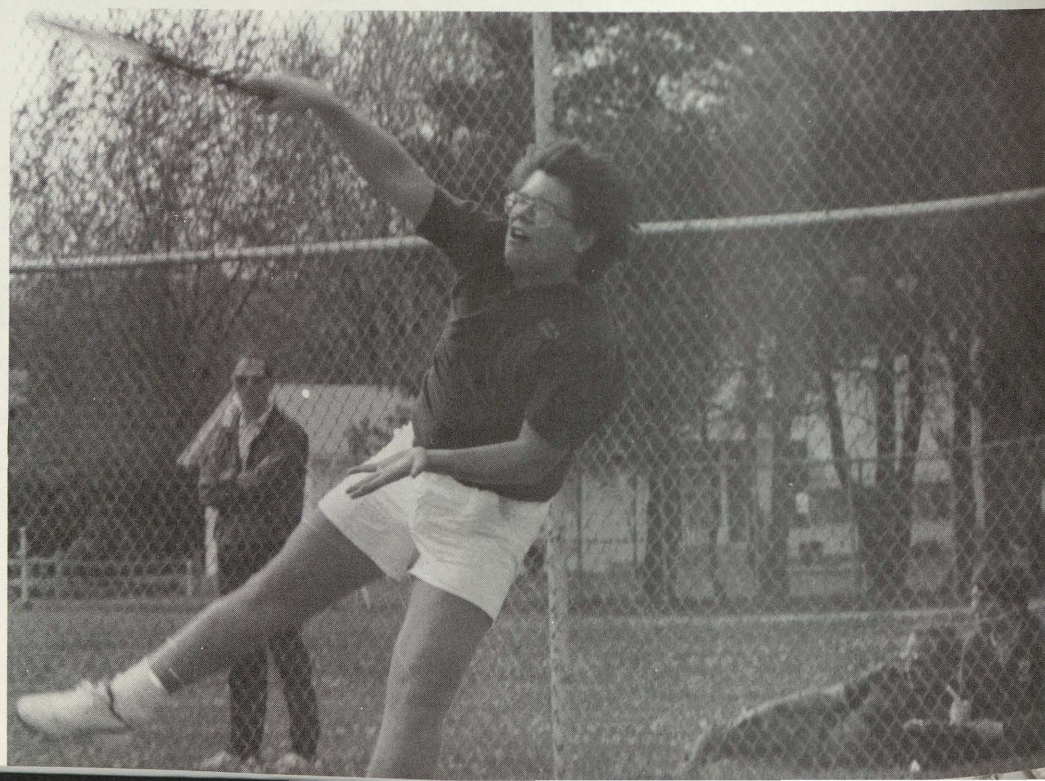

This year's team consisted of many seasoned veterans. Eight members returned from last year's team, and six of these were Seniors Gavin Henning, Bob Church, Todd McCullen, Dan Napieralski, Matt Garlick, and Fred Lemke. They proved to be an integral part of the team. All four singles players were from this group of returning Seniors. Talented new Juniors and Sophomores also played an important role.

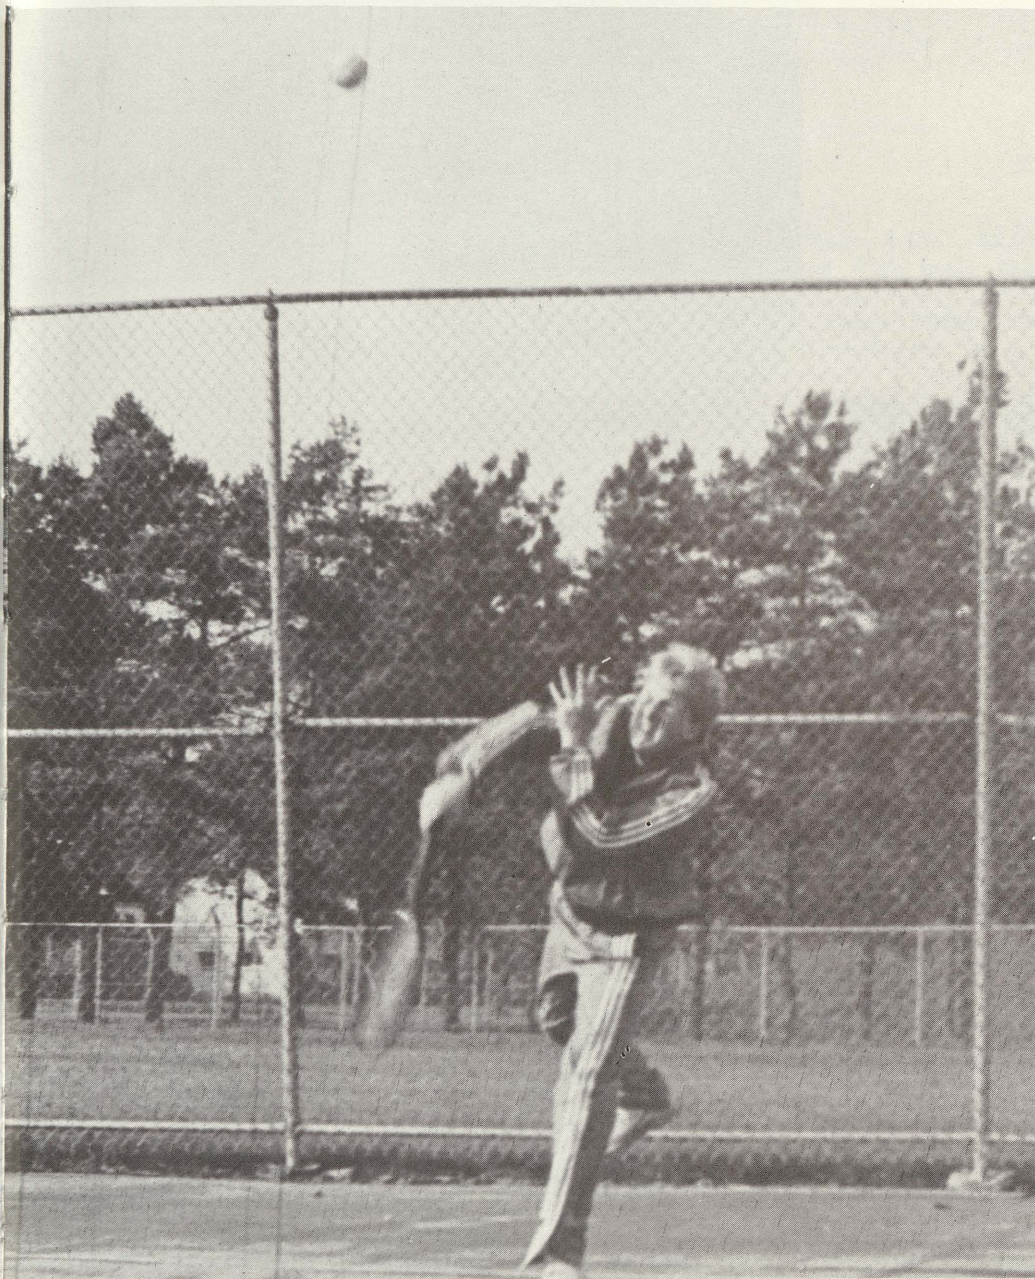

Todd McCullen and Dan Napieralski, last year's No. 1 doubles team, did an outstanding job with No. 1 and No. 2 singles, respectively. Gavin Henning also did a good job moving from No. 3 doubles last year up to No. 3 singles this year. Bob Church was the team's most consistent player, at No. 4 singles. Matt Garlick and Andy Morey '87, No. 1 doubles team, and Fred Lemke and Bill Houlihan '87, No. 2 doubles team, scored most of the team's points in the Saginaw Valley League and Regional meet.

The new players did an outstanding job for the team. Fortunately these underclassmen will be returning next year to form a strong core for a promising team.

Netters Rebuild Squad

The Varsity Girls Tennis team, improved greatly on its quest for the top of the Hill this year. Not only did the number of members increase from six, last year, to 19 this year, but the team won three of it's matches.

"This group of girls looks real encouraging," said Coach John Fordney. "If they keep practicing their skills, I see no reason why the team can't improve even more." Coach Fordney also stated that this year was a rebuilding year for the team, which is shown in the rise of members.

The team consisted of twelve Sophmores, five Juniors, and Seniors Nici Wistaedt and Elizabeth Knowlton.

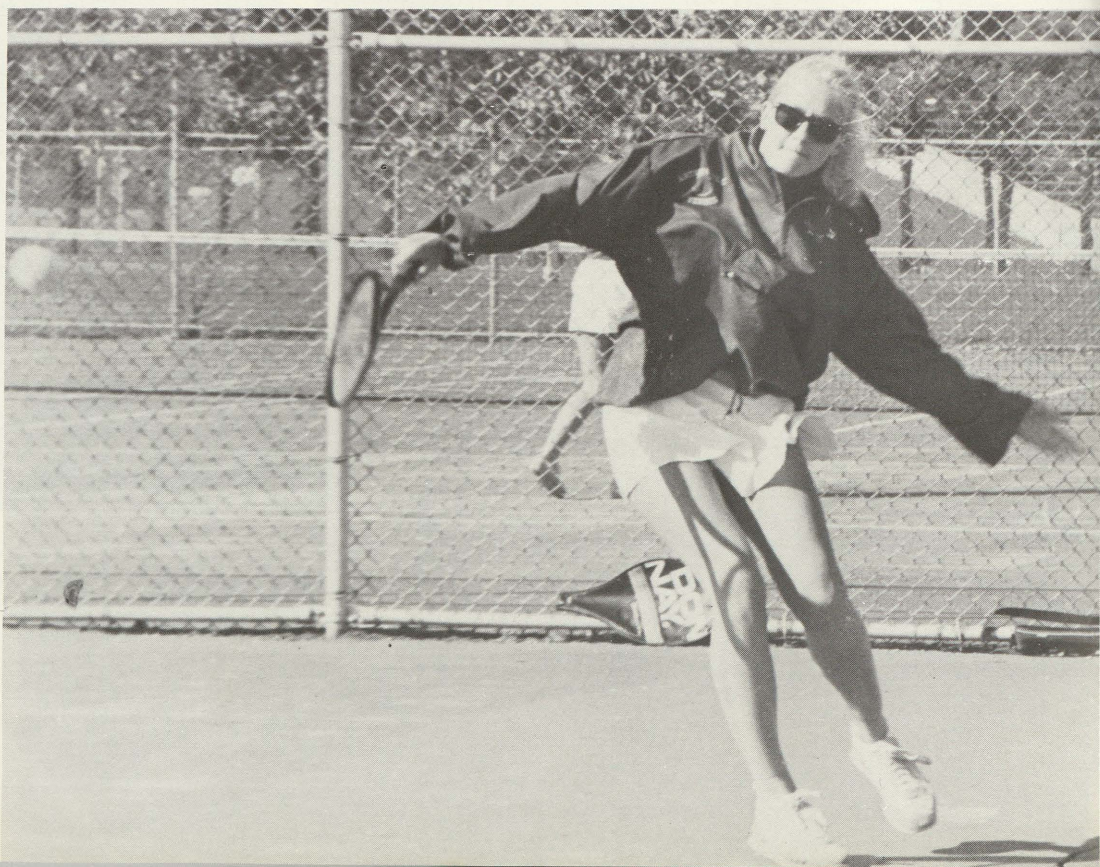

Patti Fink '89 said, "Being on the Tennis team made me feel like a part of Arthur Hill High School."

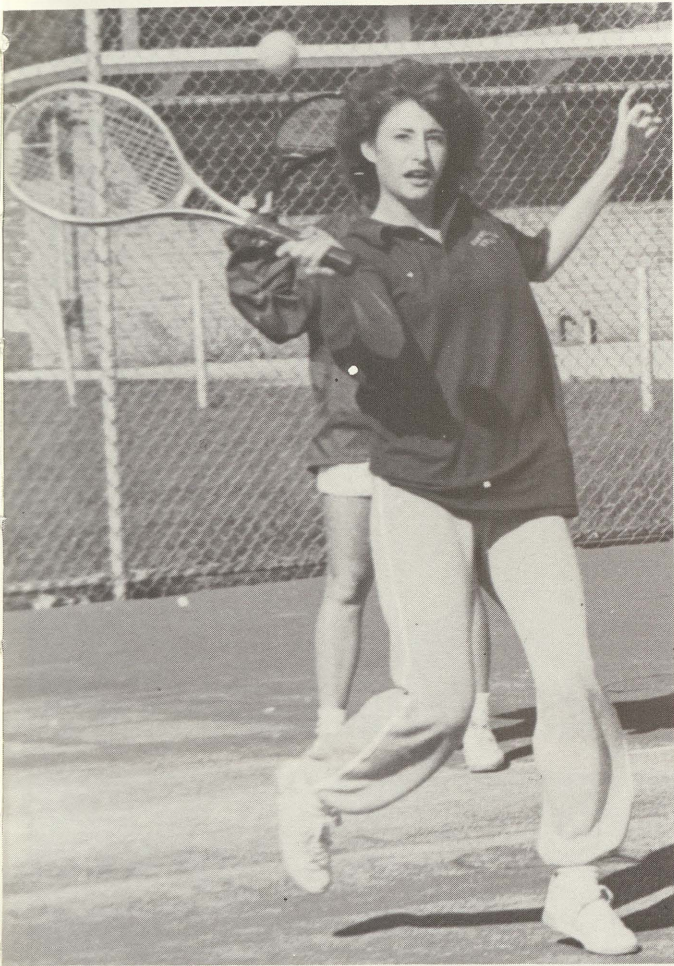

For this reason and several others including: meeting new people and just having fun, the members of the team enjoyed their experience this year. As Caryn Sutherland '88 said, "I became a better player this year, and had fun while doing it."

Team Battles Up Hill

By the end of the season, many Cross-country runners had achieved honors that made a tough season worthwhile.

A top achiever was Lisa McAllister '89. She placed fifth followed by teammate Kathy Kinsella '88 at seventh in the Valley and in the County the two girls placed second and fifth respectively. To top off her first year running Cross-country Lisa placed thirteenth in Regionals which qualified her for the state competition. Coach Harvey Matson hopes to have more girls next year so they can form a complete team.

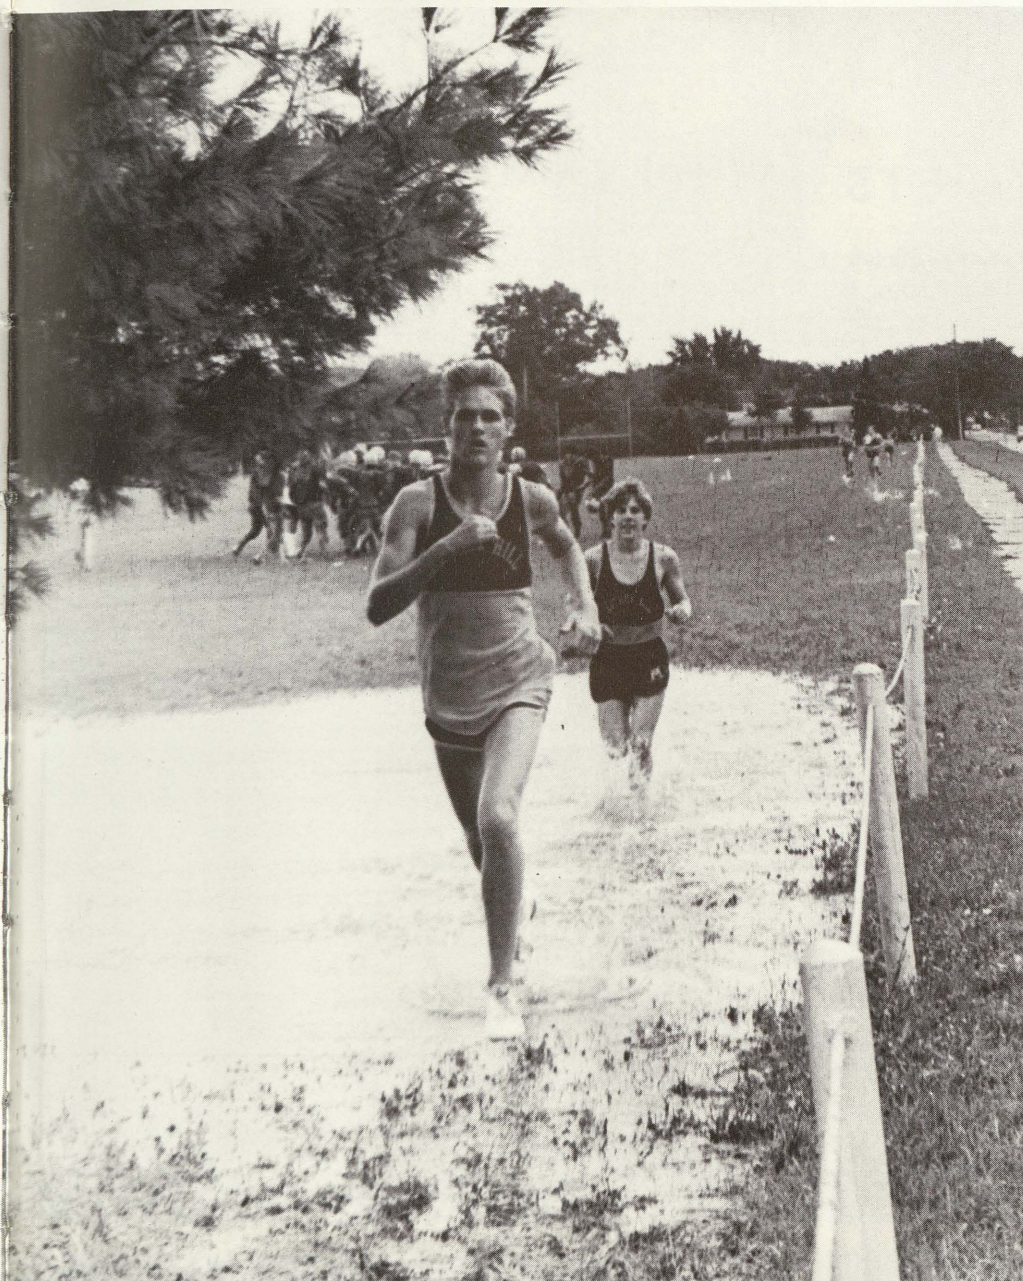

Todd Martin '89 received an honorable mention for his nineteenth place finish in the county meet while Danny Martinez '87 placed eleventh. Rookie Maurice Washington '88 placed a consistent third at dual meets to help the team.

The team lost four of the top five runners from last year, but added many new Juniors and Sophomores. Talent made up for the lack of experience and everyone showed constant improvement as the season progressed.

Linksters Third in Valley Meet

“To become a successful golf team we have to think of nothing but golf,” said Arthur Hill Head Golf Coach Dick Thomas.

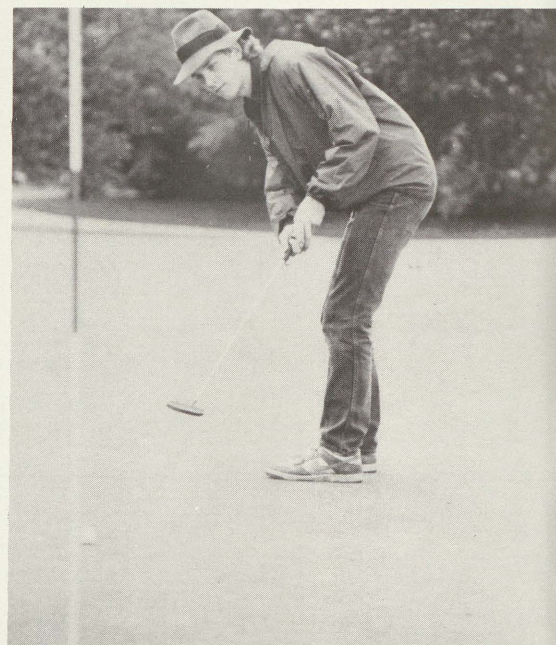

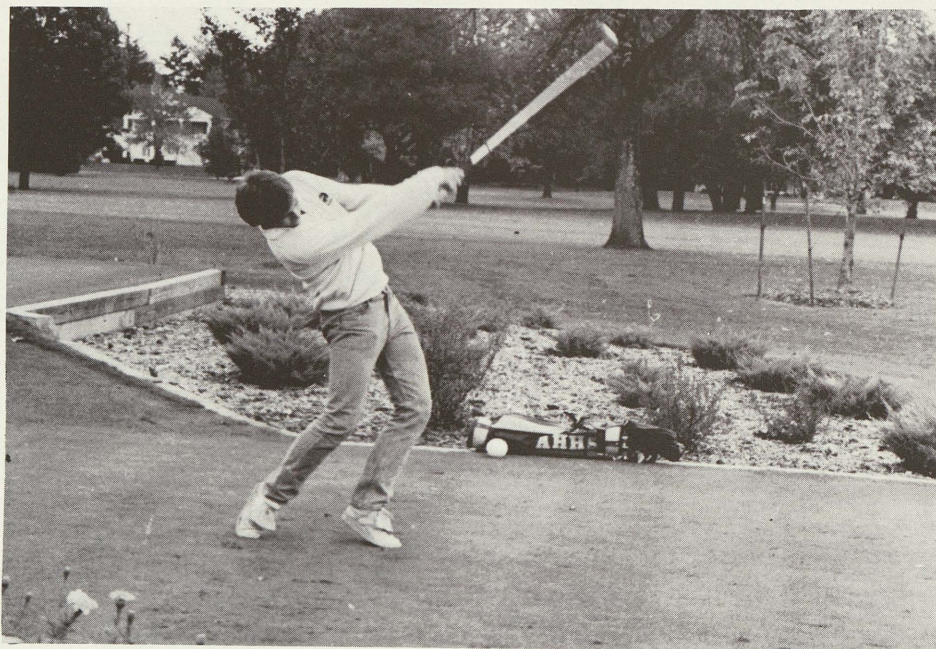

Thomas said he wishes his team could play more in the summer, but that they played well for the overall experience. With it's home course based at the Saginaw Country Club, our linksters had an overall record of 8-9 for the season.

Jason Kilts '87 said, “We had a pretty good year and

finished third in the Saginaw Valley League Tournament. Our overall record could have been better but we lost some close matches.”

In the Saginaw Valley League, the Hillites' record was 6-3, good for third overall, only to be beaten out by Midland and Midland Dow. During a home meet against Bay City Central and Saginaw High the team had their best total score of 310.

“We were better this year than last because we had more experience,” said Bret Montgomery '87.

New Kickers Think Positive

This year's soccer season was not as good as the team expected. The team record was 2 wins, 3 forfeits and 6 loses. They fared well considering that it was the first year as an organized team. "More participation and team work could have produced better results," said Jason Cavendish '87, "the season had its ups and downs. When I first found out about soccer, I was really excited." Mort Nicnegger was the new coach this season. The teammates felt that the coach was a little inexperienced yet they felt he had good long term potential. Though the team did not have an exceptional season, Senior Todd Hall remained enthusiastic in his outlook. "It was fun, and a positive learning experience. We had many good players, but we didn't learn to work well together."

Splashers Make Wave

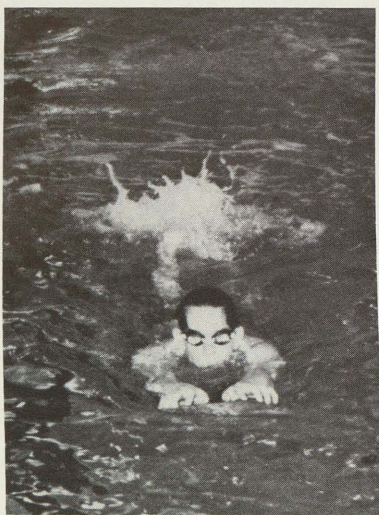

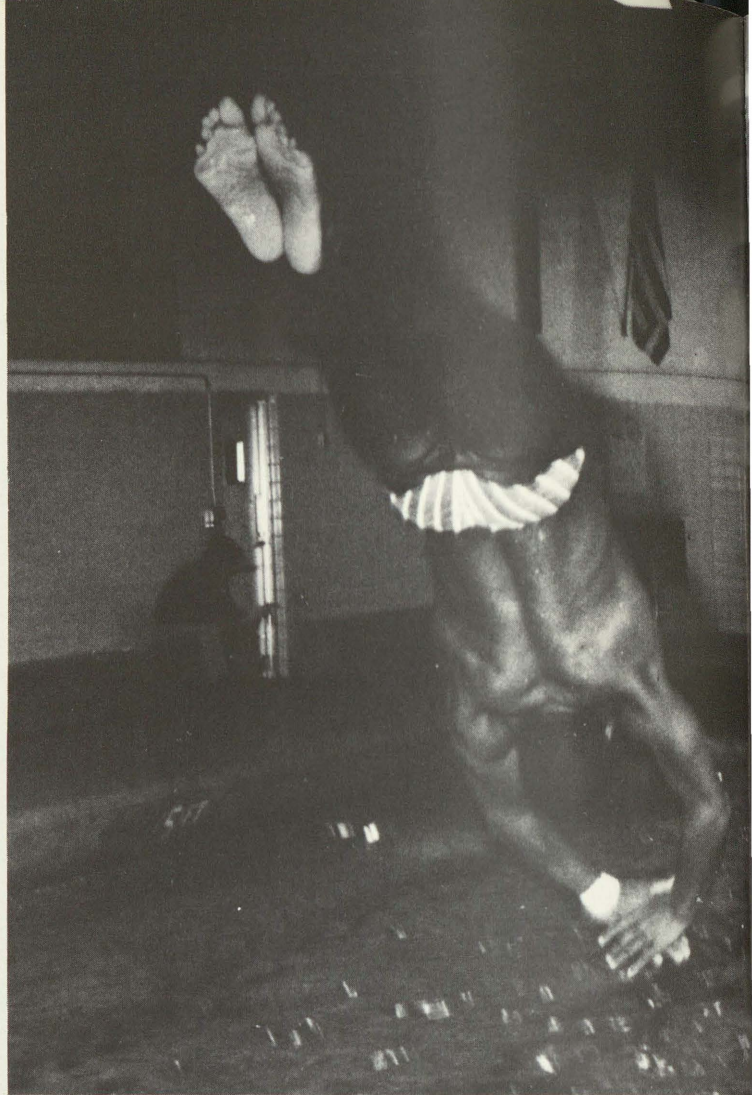

This year our Boys Swimming Team was coached by Mr. Jerry Ricklefs and assistant coach Dave Hammond. The AH tankers' record evened out at 5-5 this season placing seventh in the Tri-City Championships and fifth in the Saginaw Valley League Championships.

Head coach Ricklefs said, "Even though we didn't win every meet, there were a lot of guys doing their best and taking a lot of firsts."

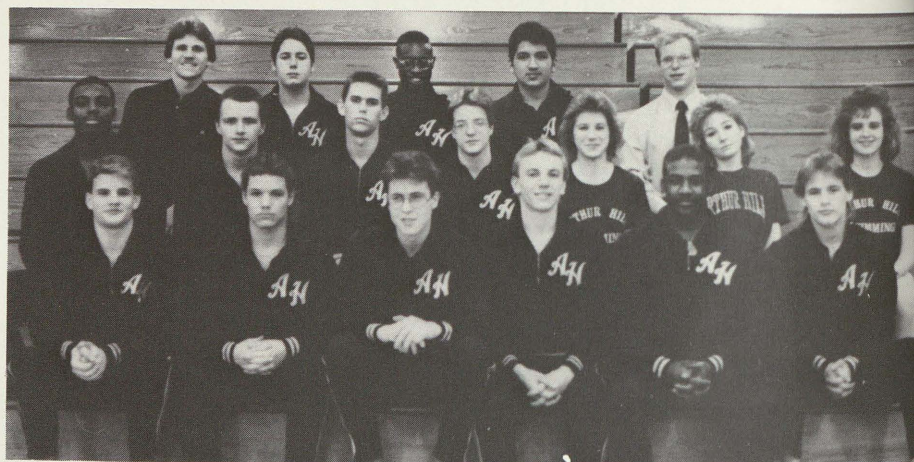

The team's two divers, Jason Coe and Simeon Martin, took top honors in the diving competitions. Sophomore Allen Ruffin was ranked in the state in freestyle and butterfly and teammate Enos Pritchett also ranked in freestyle.

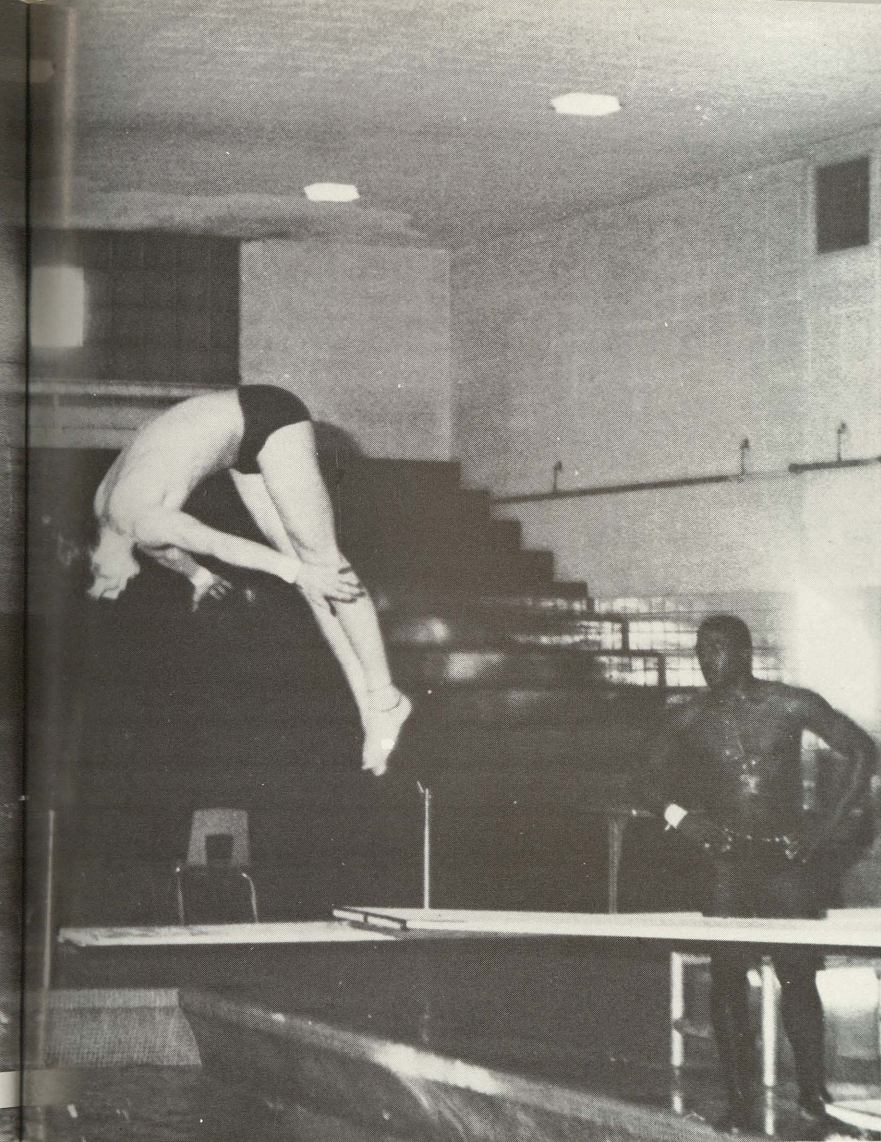

They finished the season with five dual meet victories, which built confidence. It showed some of the championship caliber of past AHHS tank teams.

Coach Ricklefs said, "I hope that confidence runs over into next season."

Coach Has High Hopes for Swimmers

The Girls swim team of 1986-87 only won one meet out of nine, but Coach Dale Purchase isn't worried.

"The team did well despite the fact that we only had one returning member and most of the new ones were sophomores," said Coach Purchase. He also stated that several illnesses hampered their success.

Even with these obstacles several members did well this season. Majorie Swanton '89 set two school records in the 200 and 500 freestyle and was an All-Area and All-Valley Team swimmer. Nicole Graham '89 and Nancy Washburn '87 were All-Area and All-Valley divers, respectively. Coach Purchase said that all the members had room to improve and that with this improvement a better winning team will evolve. Chris Sokel '89 said, "I swim because it's fun -that's all."

Icers Still Winners

This year's Hockey Team finished the outstanding season with a league record of 11 wins and 8 loses, with one game a tie against Flint Southwestern. Coach Tom Dawson and assistant Mr. Thill, should be proud of their players. Early morning practices always being on Monday, before school even starts, and Tuesday evenings and on afternoons before the big games.

There were 5 Sophmores, 8 Juniors and 9 Seniors. The goalies included Jeff Martin '88 and Jeff Ezop '88.

There weren't many injuries except for Larry Plank '89 who broke his leg and Craig Gray '87 who also broke his leg. Other than that there were just the usual cuts and bruises caused by falling on the ice, and penalty fights.

Spikers Rebuild Team

A winning volleyball program was not the trademark of Arthur Hill in the past, but all that may have changed this season as the Lumberjacks are beginning a new reputation. Under first-year head coach Melanie Schulz the AH spikers went 6-26 on the season and 2-8 in the Valley. They won 18 games this year.

Rebuilding the team into a winner is a process that takes a while, but the Lady spikers seem to be willing to pay the price. Juniors Renee Baze and Heather Henning agreed that volleyball is a lot of hard work. Baze also said, "I like playing the game and winning."

Setter Renee Talik and middle hitter Michelle McKim have been a force in the front line collecting numerous kills and blocks. Senior Jenny Rethman said that if the girls practice and play with intensity they should have a winning team next year.

Grapplers 9th in Valley

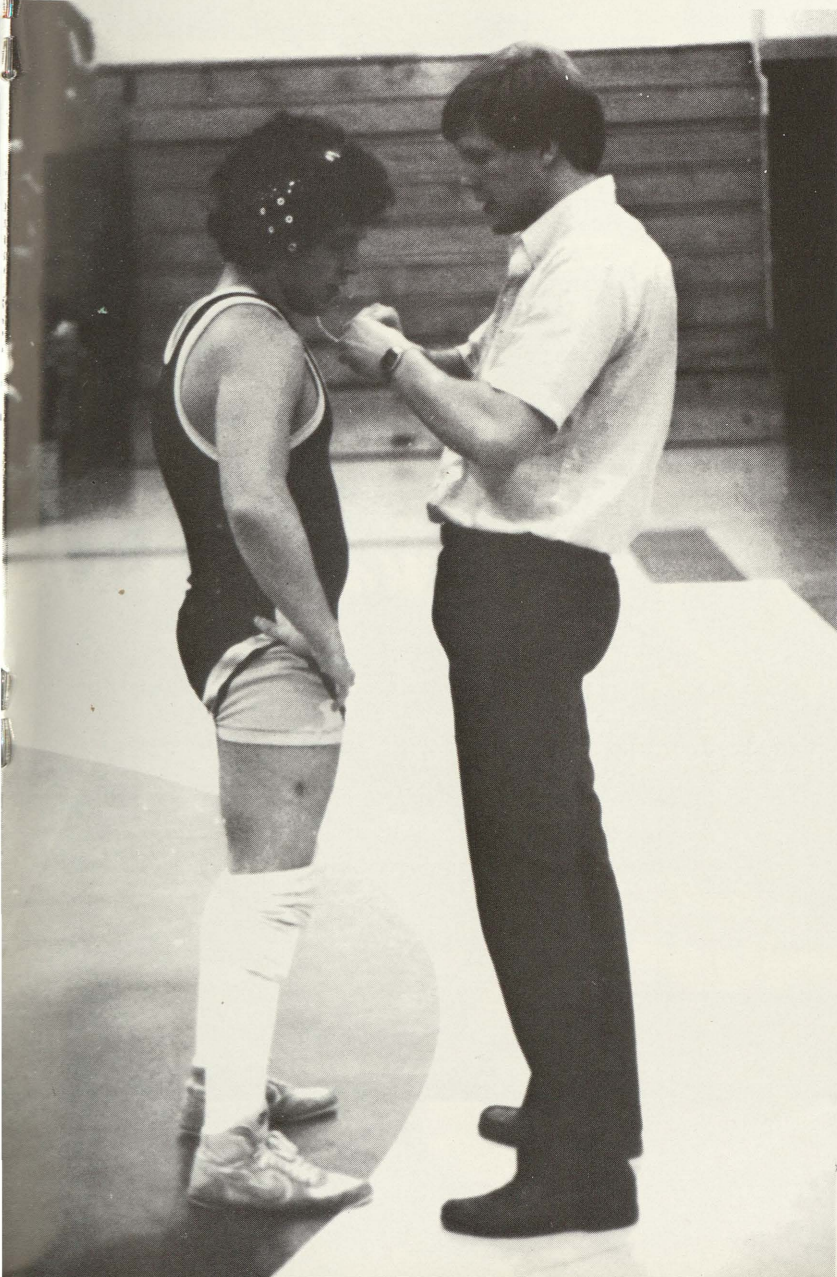

This year Arthur Hill's wrestling team was coached by Mr. Bill Trapp and he was assisted by Mr. John McNair. The team's overall record was 3-12 and their Saginaw Valley League record was 1-8. At the Valley meet they finished ninth.

Grappler Tom Whitney said, "I feel that next year's team will be better with more experienced wrestlers."

The greatest honor for the wrestling team was when Aurelio Delgado was a state finalist. This was a great achievement for him and the rest of the team.

Hillites Beat Dow for District Championship

Last year's varsity baseball team had a great year. They ended the season with a 24-12 record, including winning the District Championship against Midland Dow. It was a close game, but thanks to Jeff Zwingman's diving catch, we won the game.

Composed of 19 players, mainly Seniors, the most valuable player was Larry Martin who played shortstop. Coach Bob Carpenter said, "Martin is a leader, no question about it." And leader he was! Martin broke the school record with 56 hits and 85 total bases.

Coach Carpenter said, "The kids had a great year and I'm extremely proud of them. They played well all season.

"We had a great team," said Dave Ward. "We broke many records including the win record. We still have a lot of talent left to win next year."

Troy Martin '87 said, "Our team was real great last year. We had the talent to go all the way to state."

Last year's team was successful not only because of their talent but also because of the good attitude between the Juniors and Seniors.

Softballers Pull Together

The Varsity softball team faced many tough opponents last year, but with a lot of teamwork, a good offense and defense, the team pulled off a record of 27 wins and 9 losses.

Leading the team defensively on the Hill was pitcher Kelly Donaghue who finished the season with 25 wins and 8 losses. The team's offense greatly improved over the season as Molly Minard '87 said, "We just kept getting better and better." Leading the team offensively was Tresha Rutch with a .372 batting average and Minard at .348.

Coach Pat Teter said she was very pleased with the teams overall performance and is looking forward to next season.

The JV team also had a great season. They won 20 out of 25 games. Tara Luplow '88 said "I'm not very active, but when it comes to Arthur Hill Softball, I go all out 110 percent." Coach Teter said she was pleased with the JV squad, and is looking forward to making them an even better team for next season.

Improved Team Encourages Coach for Better Future Teams

The Boys Varsity track head coach was Mr. Luxton and the assistant coach was Mr. Zing. The season began with a victory which gave a renewed hope to the overall attitude of the team and coaches. The team had not won a meet in the previous two years. This initial victory restored a new sense of pride for the team members and coaches. A number of the members improved over the course of the year with continued hard work and practice. Coach Luxton commented that the athletes worked hard at their individual events and several team members were rewarded for their efforts by being invited to the Herb Korf Invitational. Luxton said the future looks bright for the track team.

"There were 26 members at the end of the season which is an increase over the past few years. The strong progress at North and South Intermediate Schools should also help future teams," said Luxton.

Lack of Members Makes Season Hard for '86 Girl Tracksters

The Hillite girls track team had a tough season in the Spring of '86. They had a hard time getting enough members to fill-out the team and injuries stopped some members from participating. Late snows, rain, and weather also gave the girls a hard time.

In spite of small numbers there were many outstanding runners. One of the foremost was Pam Porter '86. She won first place at the regionals for the 400 meter run and qualified for the state finals. Porter said, "I've been running track since junior high and it's just something I enjoy doing besides it's good exercise!"

Among the team's top runners were sophomores. Kathy Kinsella '88 ran top times for the mile run frequent placers were Andrian Porter '88 in the dashes and Christie Canda '88 in the 400 meter run. Also an important member of the team was junior, Nancy Washburn, with her progress in the hurdles.

In spite of all the setbacks the team worked hard and improved throughout the season to put on a good show at the regionals and invitational relays.

Working Toward The Top-Nonstop!

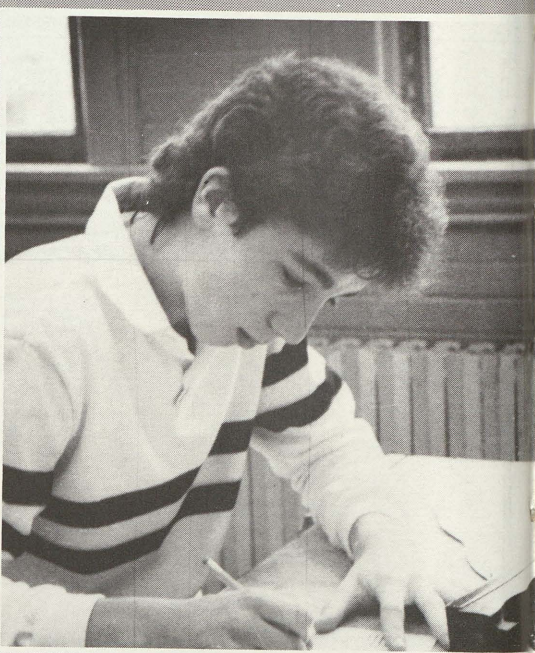

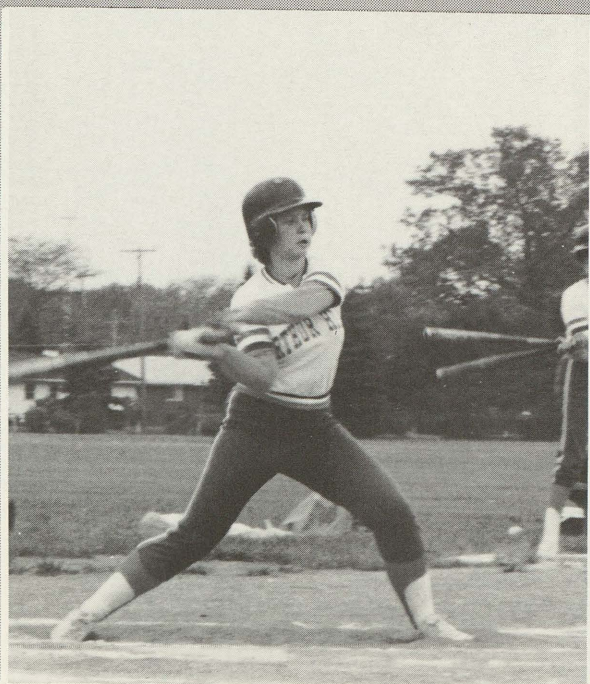

Being an underclassman at Arthur Hill is really an experience. Most underclassmen would admit that though they wish they were Seniors being an underclassman has its advantages also. Sophmores and Juniors aren't expected to perform like Seniors. Underclassmen are allowed to make mistakes.

This year we had many outstanding Sophmores and Juniors at Arthur Hill. There was T.J. Midcalf '89 in Varsity Football, Caryn Sutherland '88 in Tennis, and Von Nickleberry '89 in Varsity Basketball. In-coming Sophmores and Juniors are often what holds a team together-they bring new ideas, trends, and thoughts to the school.

What keeps the underclassmen going? Looking forward to the years to come -getting their shot at the top -being the big shots. That's what keeps them going -their year as seniors. Just wait 'til next year! Here comes the class of '88!!!

Almost Perfection Can Be Found In Class of '88

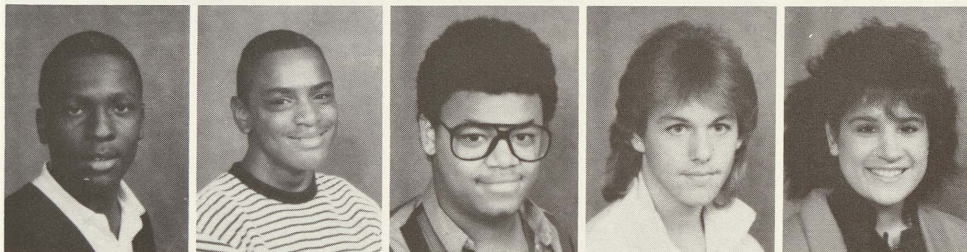

A teacher's wish of what a typical junior should be is a brainy, quiet, work-a-holic teenager who who doesn't waste time in class and gets straight A's. Most typical juniors at Arthur Hill this year, however, were not quite work-a-holics, but some were rather brainy.

Linda Wyatt '88, pictured below, shows her brainy side by finishing homework for her favorite subject in the cafeteria. Like her classmates she is preparing herself for that all important senior year beginning next fall.

Sports were a key part of our school year, and many underclassmen made up our JV and Varsity teams. Renee Baze '88 showed her school spirit by playing on the school's JV softball team in the spring of '86. Though the ball got away from her on this tag, effort mark her performance both on the field and in the classroom. It's the same kind of effort that marked the underclassmen sportsmen at Arthur Hill during the '86-'87 school year.

Two Juniors Set High Academic Marks

Hard work and dedication paid off for juniors Michelle McKim and Jennifer Sparks, seen here receiving an award from principal Thomas B. Sharpe as Mr. Calvin Mott, among others, looks on. At the fall honors breakfast they received plaques for being the only two juniors to maintain a 4.0 grade point average for the Spring semester of '86. They were among many juniors to be awarded honors at each semester breakfast as most prepare for their final year at Arthur Hill.

Juniors Dive into Sports

Many underclassmen got involved in many activities at Arthur Hill and it's something we're proud of. Sports ranked high among these activities and although seniors often led the varsity teams their strength often came from the many juniors who were among their numbers. Jennifer Flattery '88 was often found at the Arthur Hill pool practicing her diving form. Coach Purchase is looking to juniors like Jennifer to lead next year's squad.

Three Heads Better Than A Senior

Many juniors find Drafting an enjoyable class, with hands on experience and a challenge. Steve Scharich '88 said, "Everyone I know likes a challenge and Drafting gives that to them." Many feel it is knowledge you will always use from building something to reading blueprints for the wiring of your house. "I really like electrical drafting, which I plan to study more next year," said Jason Raasch '88. Steve, Jason and Pete Schmidt get together on a difficult drafting problem above.

Field Trips Help Spark Knowledge

Mr. Maisano took his class on field trips for students who were interested in getting first-hand knowledge of the things they were studying in class. Finding and identifying examples of leaves was fun for Jerry Mise '88 who is seen here identifying a specimen. Underclassmen found doing as well as reading about things in nature were experiences they would never forget at the Hill.

Juniors Help Keep AH Beat

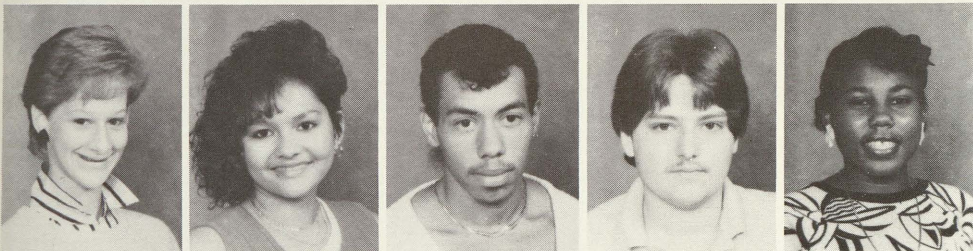

While some underclassmen were seen doing outstanding things at the Hill, others were heard. Barb Yacks '88 has one of the toughest jobs of all in the school marching band. Trying to look over the bass drum is in itself a chore, much less keeping a beat while marching. Barb was just another example of so many juniors who had the pride to get the job done despite the obstacles. Those at the Hill this year will never get over the outstanding job many underclassmen did while having fun.

Juniors Stand Behind Coaches

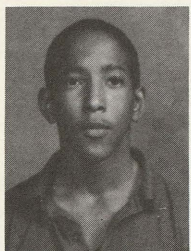

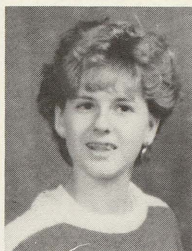

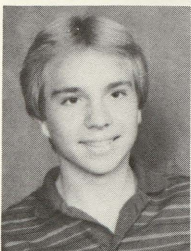

Junior James Champney is an example of a junior who learned a lot from the excellent coaching Arthur Hill provides our students. Working closely with coach Eurick and coach Marcogliese (right) he was able to improve his understanding of the game and the techniques it takes to be a winner. The hours of dedication and sharing between player and coach will be an experience few will forget from their days on the Hill.

What Being a Junior Means

Being a junior is a once in a lifetime experience and then it only lasts for a short period of time. "A junior at Arthur Hill is like coming in second at a cross-country meet," said Kathy Kinsella '88, "You're not the best yet, but wait until next year!" Dan Fulgencio '88 said, "I like being a junior this year because I'm beginning to feel responsibility." Kathy Carey '88 said, "Being a junior means your year to make mistakes." At right, Jodi Baumgartner hopes long hours of studying will pay off in her becoming a senior next fall. It's all part of the struggle in getting over the the Hill.

JV Hoopsters Share Friendships

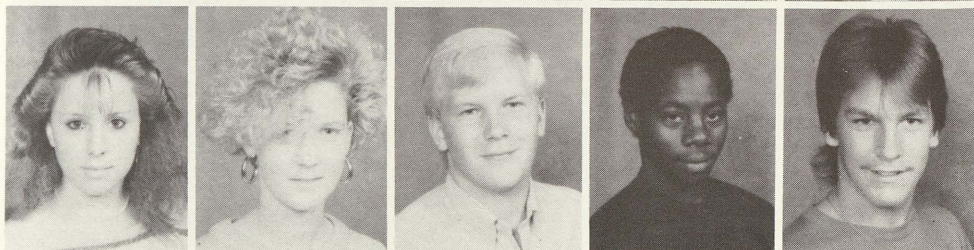

Part of any activity is the fun and friendships shared among the students who participate. Sophomores Jaquel Harness and Lowana Ruth worked hard as JV basketball players, but all that hard work never for a moment took away their friendly smiles. It's an experience on the Hill they'll never forget even after they become leaders of our varsity squad.

Health Class Prepares Sophs

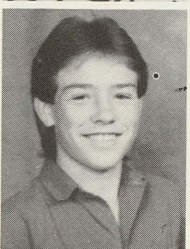

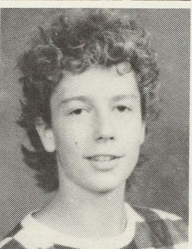

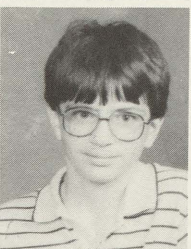

Someday sophomore Von Nickleberry (left) may save a person's life. To graduate from Arthur Hill, it is required for sophomores to take Health class. It prepares you for the many challenges of the future in areas of health care and nutrition, as well as first aid and safety. Like Nickleberry all sophomores got to practice cardio-pulmonary resuscitation on a dummy. It's one of those experiences a sophomore on the Hill will never get over.

Sophs Enjoy PE Fun

Physical Education class is a required course for all sophomores and is an important part of AHHS. Some of the activities in gym include swimming, basketball, volleyball and ping pong. At right, Ethelind Scott, Kathryn Parsons and Leslie Warner practice their ping pong techniques for a big tournament at the end of the first marking period.

While some underclassmen participated in sports, others were content to sit on the sidelines and watch. To help keep these Lumberjacks in the spirit the cheerleading corps rallied us all. To prepare for the JV games, like the Varsity, the JV cheerleaders had to endure many long hours of practice everyday. Karen Westphal '88, NiKima Woolfolk '89, Amy Palmer '89 and Shannon Mortimer '89 showed their spirit at a girls basketball games against arch-rival Saginaw High. With enough hard work and practice they should all make the Varsity squad next year where their efforts will get a little more recognition.

Sophomore Sonya Morales works through her open hour to get her homework done for one of her classes. Many, like her, have a snack in the cafeteria while doing their school work during their free time. All students who have a free time are invited to use the cafeteria as a study hall rather than getting into mischief in other parts of the building. Wise underclassmen have to work hard to keep up with the tough academic standards they find at Arthur Hill High School. They must learn to use their spare time well in order to do well in their classes.

To be or not to be?? That is a question pondered by many underclassmen as they decide to overcome their inhibitions and participate in a stage performance. One of the highlights of the year is the annual Drama class production. This year the play was "The Clods of Hopper" a satirical comedy. Found between seniors Heidi Rehak (left) and Scott "Big Papa" Huffman, is sophomore Melissa Howard. Other underclassmen participated in the performance both on stage and behind the scenes. The performance was viewed by many second hour English classes.

Though sophomores have a heavy academic schedule, many find room for an elective class. Marnie Boehlke '89 chose Art as her extra class. In General Art I students learn the basic techniques like perspective and shading. They learn to work in pencil, pastels, and various kinds of paints. Here Marnie is shown working in pen-and-ink, but she said she likes doing pencil sketches best. Marnie said, "Art expresses the personality of each individual artist." Other electives offered were woodshop, home economics, publications, and languages.

Slowly Climbing

In this year's Arthur Hill High School 1986-87 Academic classes we did pushing buttons and doing layouts to C.P.R. and exercising. Our students strived to do their very best and slowly, but surely, reached the top, and along with it a decent grade. "I didn't have any of the hard classes," said Jay Emeott '87, "Mine were all easy!"

Students said Arthur Hill High School's required subjects, like History and Algebra/ Trig, are making the trip up and out a rough one. "I thought they were the hardest classes, except Business Math," said Carrie Stall '88.

ACADEMICS

People Behind Scenes Help Mold Our Future

Arthur Hill has one of the best faculties of any high school. Our principals and assistant principals are dedicated and devoted people who are willing to do their job to the best of their ability.

"This has been a super year and I'm pleased with our new teachers and the attitude of the students," said Mr. Thomas B. Sharpe, principal. "Everyone is working together and I'm pleased with the eagerness of our students to learn."

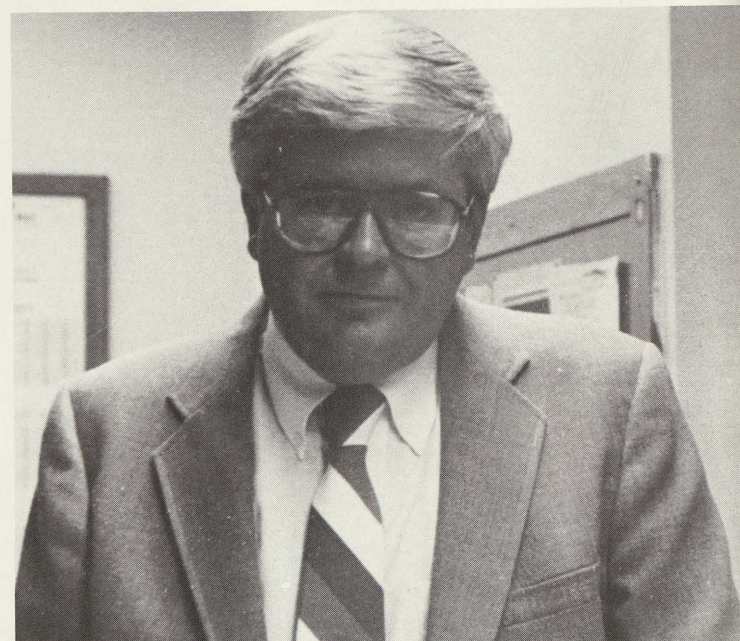

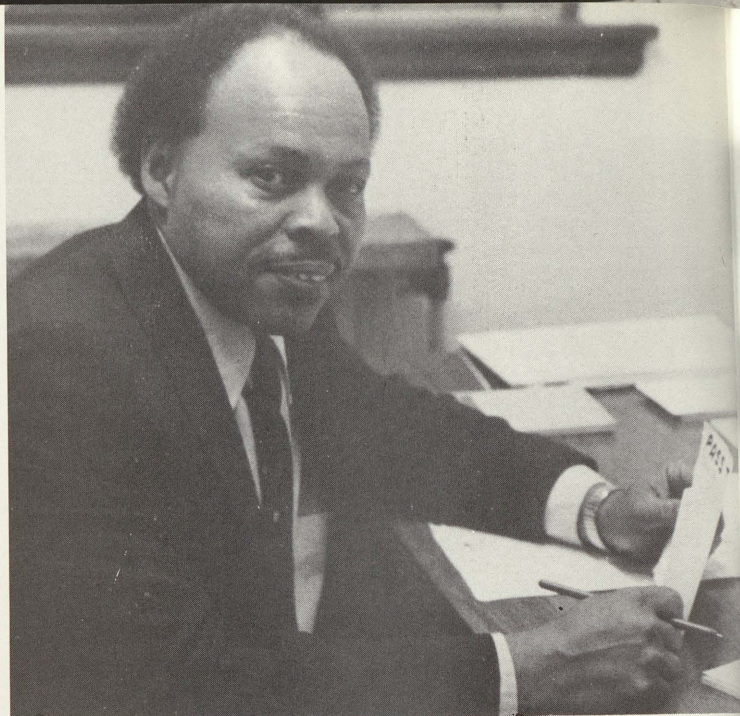

Mrs. Shirley Nuckolls, assistant principal, in charge of academics, new to AHHS this year, said "This year has been the most exciting and challenging of all. The students have a real desire to achieve great things."

"We got off to one of the best starts in years," said Mr. Winston Adams, also an assistant principal. "The sophomores seem more mature and that helps."

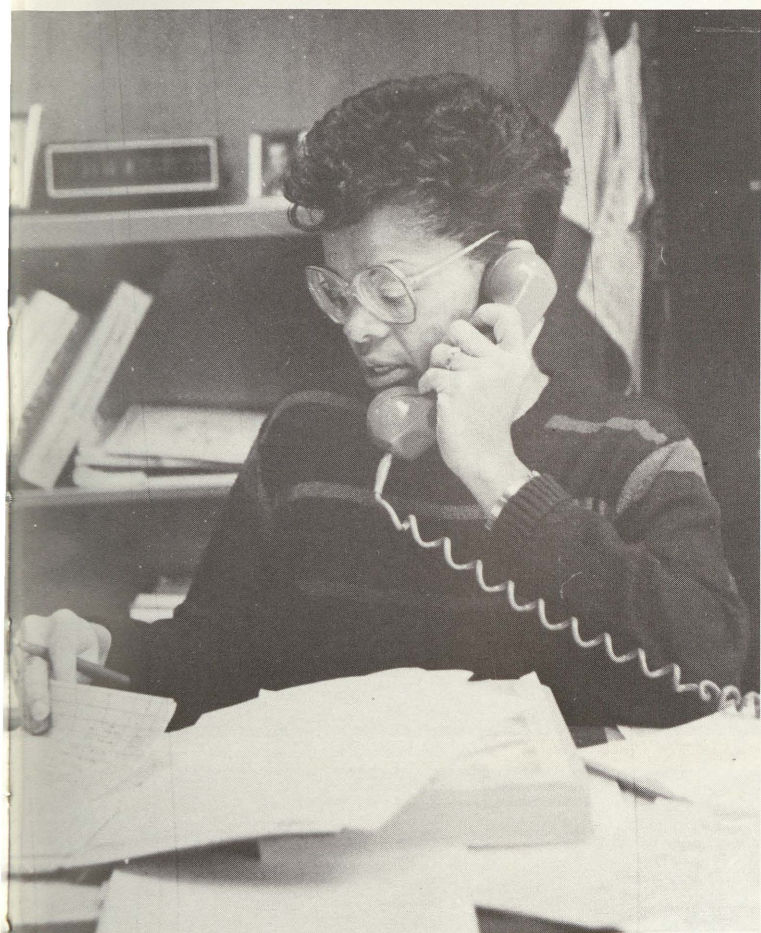

Another important department at our school is the counseling center where students are put in the right direction toward their futures.

Mrs. Nancy Baxter, head counselor, said, "This year started off with a bang and it appears many students took advantage of all that their counselors have to offer them."

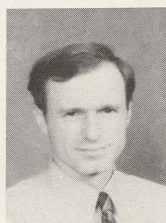

Our administration and faculty help us to make the best choices for our future and we, the students appreciate them.

Support Staff Keep Arthur Hill Running

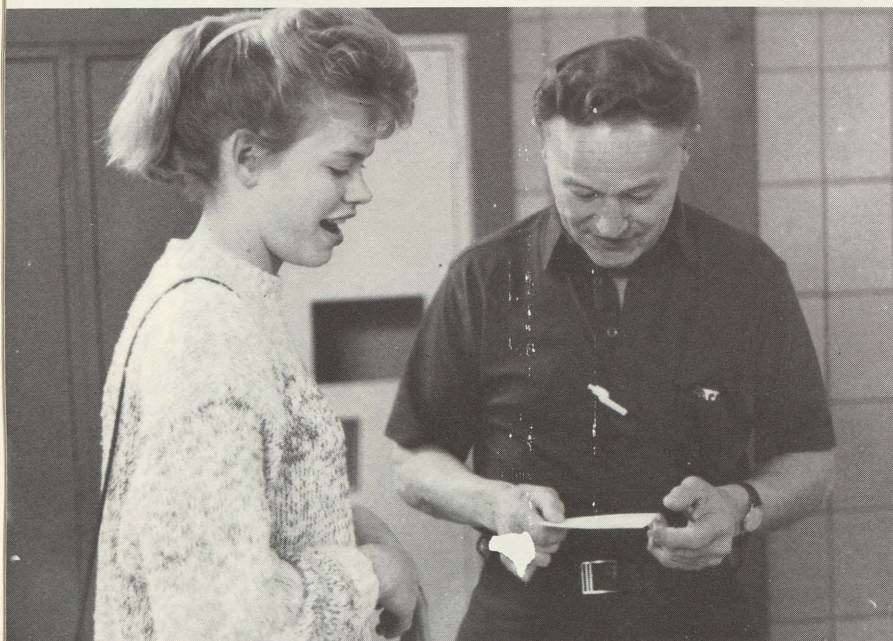

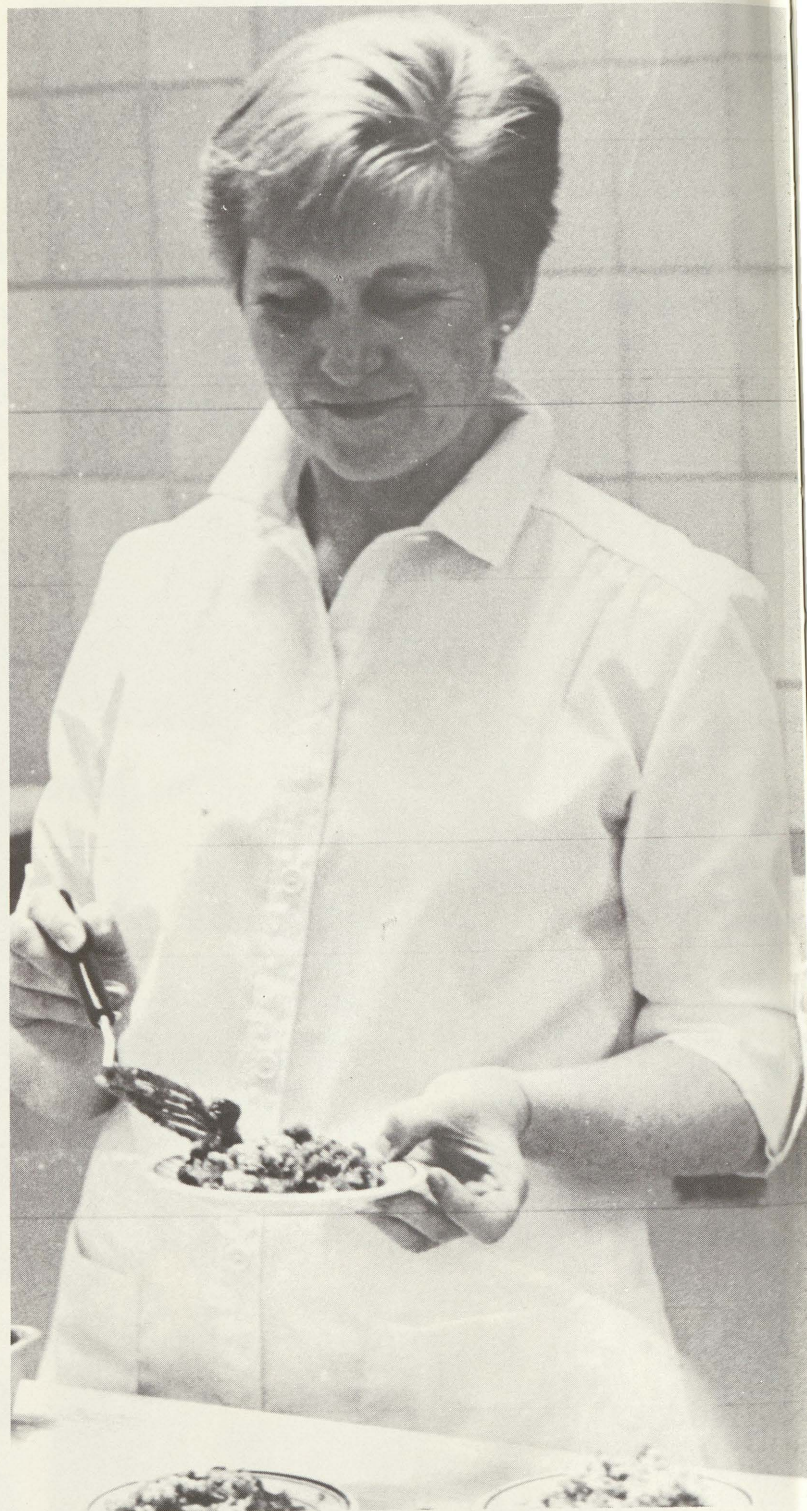

Some people may not know the definition of a para-professional. It means: one who has an occupation that doesn't require a college education. That doesn't mean they aren't some of the most valuable adults at Arthur Hill.

The para-pros at our school are hall monitors, school treasurer, attendance officers, custodians and cafeteria staff. Without the services they provide the wall of AHHS would surely crumble. Though it's just a job, most of Arthur Hill's para-pros are caring, helpful individuals.

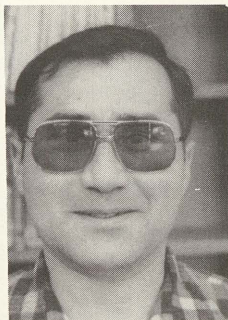

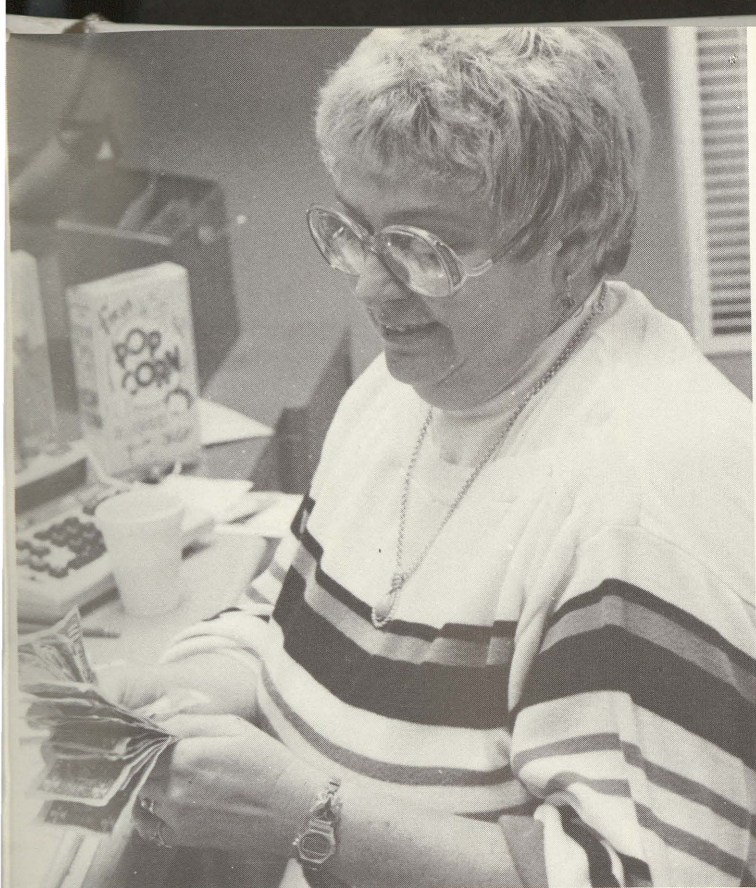

"If I didn't like the kids I wouldn't be here," Mr. Bob Teboe, a hall monitor. "I would hope I'm doing a good job and perhaps I'm helping to straighten out the kids who are in trouble. You always gotta hope."

The schedule of a para-pro is often busier than most. Mrs. Judy Meyers, for instance, handles the money for all the clubs, the coronation and candy sales, dance tickets, caps and gowns, and the list goes on. Mrs. Sallie Kramer, a cafeteria worker, says she used to have the feeling the cafeteria is a place for nerds. But she is hoping to change that. The workers are friendly and are trying to provide a nutritional meal that students like.

There jobs might be diferent, but all AH's para-pros have the same goal: helping and looking out for the needs of the rest of us.

A Health Kick

Climbing higher toward physical and mental fitness, are our Health and Physical Education classes. Although they were each only one semester long, the students learned important health facts about how they can help their bodies and what kinds of things will destroy it.

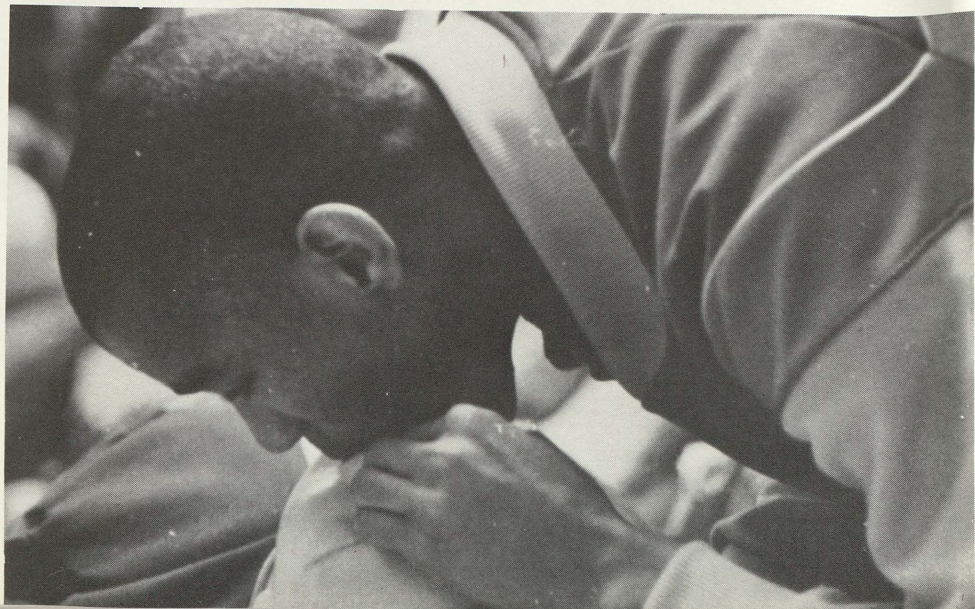

Gym students learn how to play and participate in all sorts of games and about the process which helps condition our bodies for exercise.

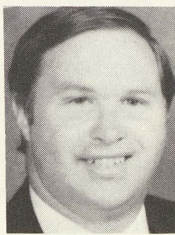

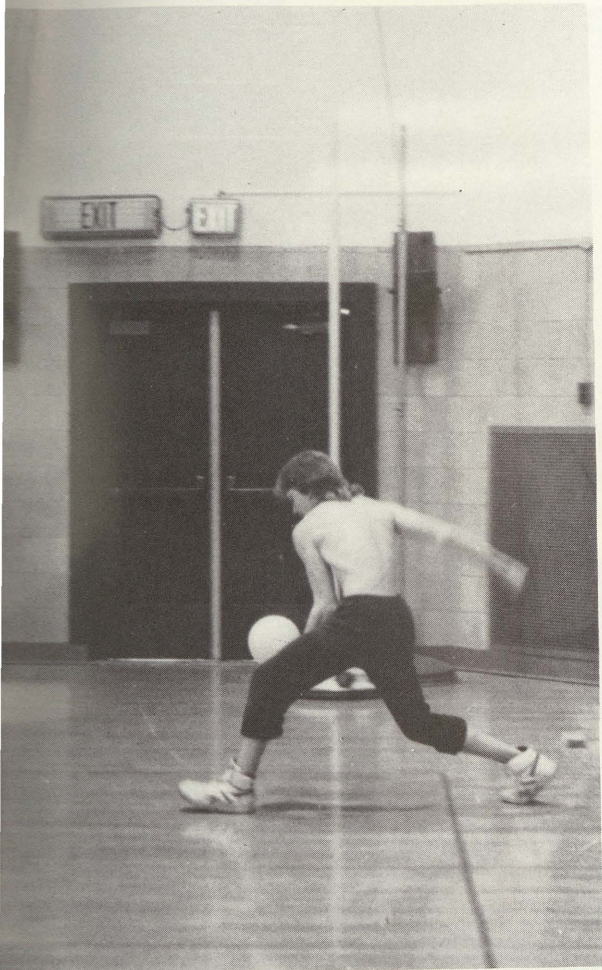

"Dan Krull '89 said, "I learned how to play ping pong and volleyball the correct way."

"I learned what foods are good for you and what kinds of things can destroy your life, like drugs," said Dee Richards '89.

Practical Arts Net Results

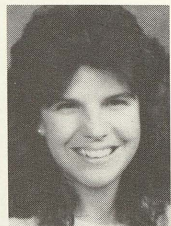

Whether you were an aspiring chef, seamstress, architect, artist, or engineer, Arthur Hill's Practical Arts Department had a class for you. Mrs. Vitito's Studio Art class took a day off to tour the Saginaw Art Museum. Her students are continually reminded to grasp the real meaning of Art through their drawings and paintings. In Woodshop, students begin the semester by working with hand tools and learning basics in woodworking. Some of the things they construct are magazine racks, lamps, keyholders and tables. In Home Economics, which includes cooking and sewing, students prepare meals and learn to sew garments. Drafting students start by drawing simple geometric shapes, but by the end of the year they progress to intricate and complicated drawings. Bob Pettis '88 said, "The reason I like drafting is that it is fun and at the same time, you learn how to draw houses and buildings." The quest to make it over the Hill can net a student a lot of practical skills.

Languages Speak Through Different Tongues

English classes at Arthur Hill are required through the junior year, but students may elect to continue in the final year, too. Offered were basic classes like American Lit., British Lit., and World Lit. Also Creative Writing and 20th Century Lit. were offered. Honors sections were created as well as Discovery levels, for those who work at a faster or slower pace.

Foreign Language classes were not a requirement for graduation, but many universities look favorably upon them when considering an applicant for acceptance. Arthur Hill offered Spanish, French and Latin.

Trivial Matters? No Way!!!

The 1986-87 school year was a busy one for Math and Science students at Arthur Hill. Many problems and projects were taken on and solved.

In the auditorium Mr. Maisano's second and fifth hour Astronomy classes proved the pendulum theory. They made their own pendulum, set it swinging, and kept records. When they were finished their conclusions proved their theories correct! In Biology Mr. Garcia had his students dissecting worms and frogs, and studying cells, chromosomes, and organism development.

Meanwhile, the Math students were also hard at work. Students in Mr. Stork's Physics class studied the mechanics of mass, velocity, and distance. What was the motto? "Life is no more than a big Physics problem."

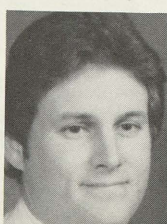

On a lighter note, there were many good-natured Trivial Pursuit games between the mathematicians and the scientists. This was started by the second hour classes of Mr. Maisano and Mr. Stork. As the end neared it was easy to see that Mr. Maisano's astronomers would come out on top! The excuse the physicists gave for losing? -"They got all the easy questions!"

Social Studies, Business Prepare Students' Futures

The practice of office skills was very popular this year. Many students enrolled in the classes of the Business department. Skills learned in these classes included shorthand, business law, typing, and computers. The Social Studies area also had a big influence on the students. Some of the required courses were U.S. History, Government, and Economics. Mr. Mott's Junior Achievement Companies were very successful this year. The Hillite Merchandise Company made amazing profits by selling stuffed animals. Each student invested two dollars and made a profit of four dollars and seventy-eight cents. The President was Brian Hatch and special help from Linda Burt and Katrina Brooks, made this operation run smooth. The second company Lumberjack Mugs, received 432 mugs and sold 400. Their profit was four dollars and twenty-nine cents on each investment. President Eddie Dunn said he was pleased at the outcome. The skills students learned from taking these classes will help them in the working world.

CAS Concentrates On Arts, Sciences

The Center for the Arts and Sciences is a great part of our school system. Many Arthur Hill students attended the Center for programs such as Visual Arts, Vocal Music, Instrumental Music, Theater, Math, Science, Language Arts, Dance, and Global Studies.

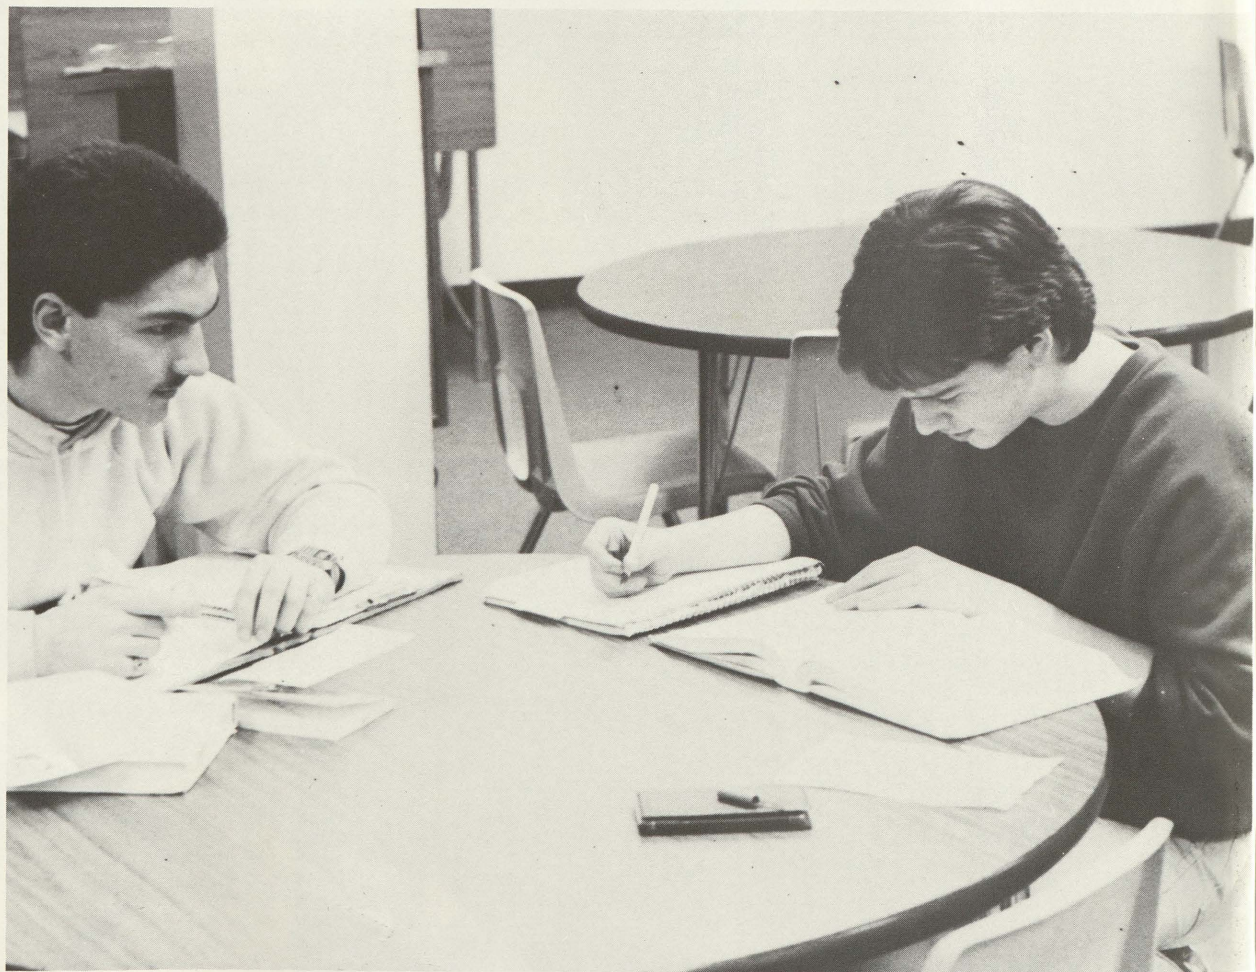

Mike Canda '89 said, "I take Art at the Center because there is more time there." "The experience has lifted me to new heights in intelligence," said Ken Collison.

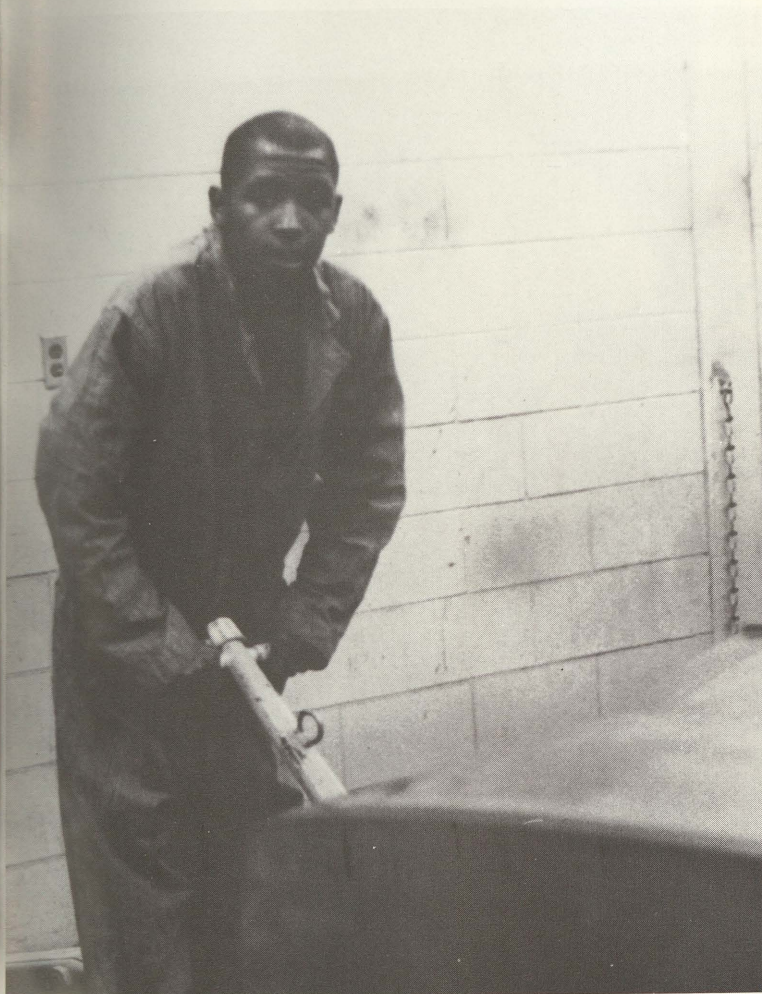

This Year the Center has gone through many changes in administration. The new principal of the Center is Mr. Keith Birdsell, a former Hillite assistant principal, and there is also a new counselor, Mrs. Van Hook.

The Center is a good place for further development of a specific program of interest. And that is a big help to Arthur Hill students.

TOP RIGHT: Matt Corrigan '88 finds enjoyment in Instrumental Music. CENTER RIGHT: Christos Kiosses '87 and Steve Lynch '89 take time out from theater to research parts for the Center's fall production.

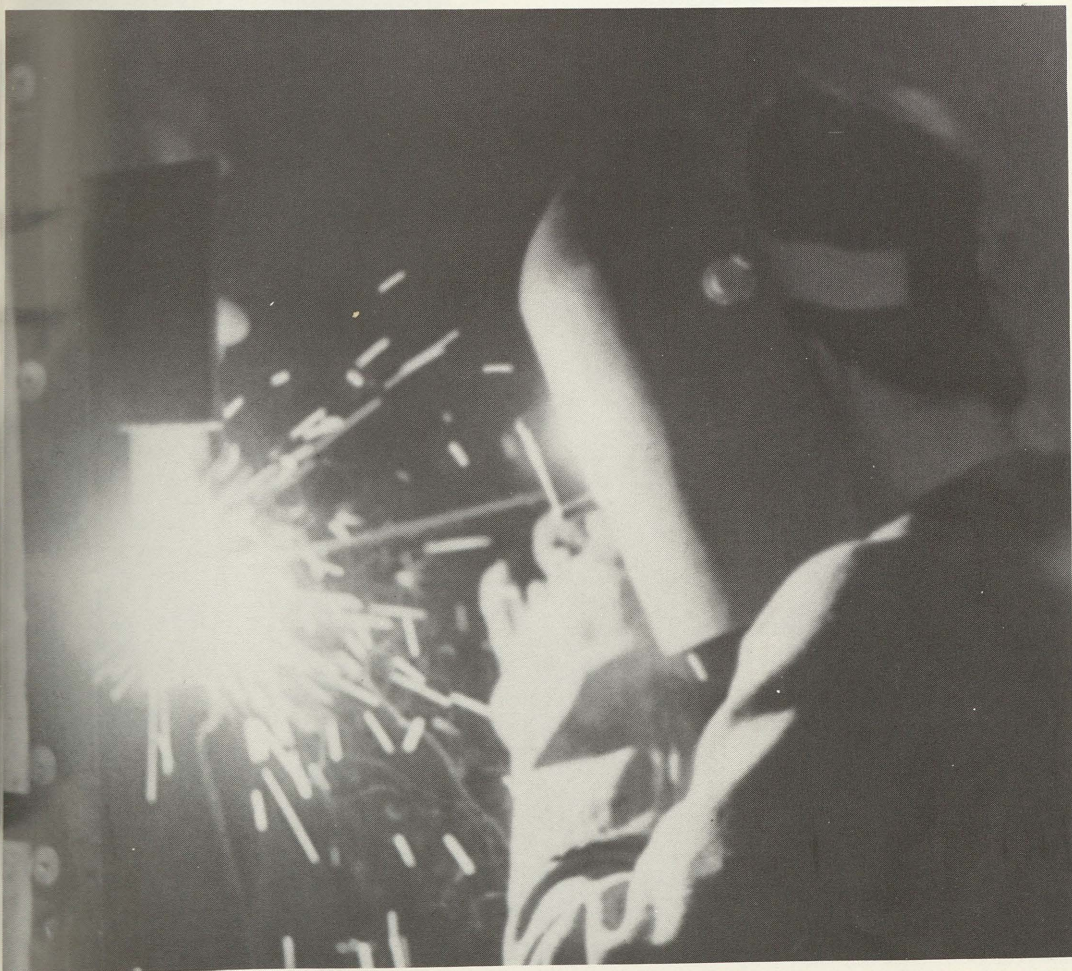

COC Prepares Students For Bright Futures

The Averill Career Opportunity Center enables Arthur Hill students to discover new talents or to build on skills they already have. The students at the COC study and learn in job-like situations, gaining valuable experience they normally wouldn't get.

"At COC I got the chance to get experience that will help me get a job in the career field of my choice," said one Hillite attending the COC. Over 1800 students attend one of four sessions held daily. High School juniors and seniors from throughout Saginaw County are able to attend one of 24 different programs. "It is a good opportunity to learn more about the career field your interested in," said senior Marcie Almy.

The COC has developed a state wide reputation for vocational and technical learning. The Saginaw News recently called the COC "the country's most complete job training."

Years Of Dedication Benefit Students

One of our most respected teachers was honored by the Michigan Science Teachers and the Detroit Free Press in 1987. Three others, a teacher, counselor, and custodian decided to make '87 their final year at AHHS. This book and the efforts producing it were done in their honor. We speak for the entire school in expressing our gratitude to them.

Mr. Fred Case Jr. Science Department chairman and teacher for 34 years, was honored as "Teacher of the Year" by the MSTA and the Detroit paper. Four teachers were chosen in the state; Mr. Case represented high school teachers of Science.

"Most teachers who have taught this long are thought to be burnouts," said Mr. Case upon receiving the award. "The fact that I was nominated by a student and my colleagues tells me I can still make a difference, and that's gratifying."

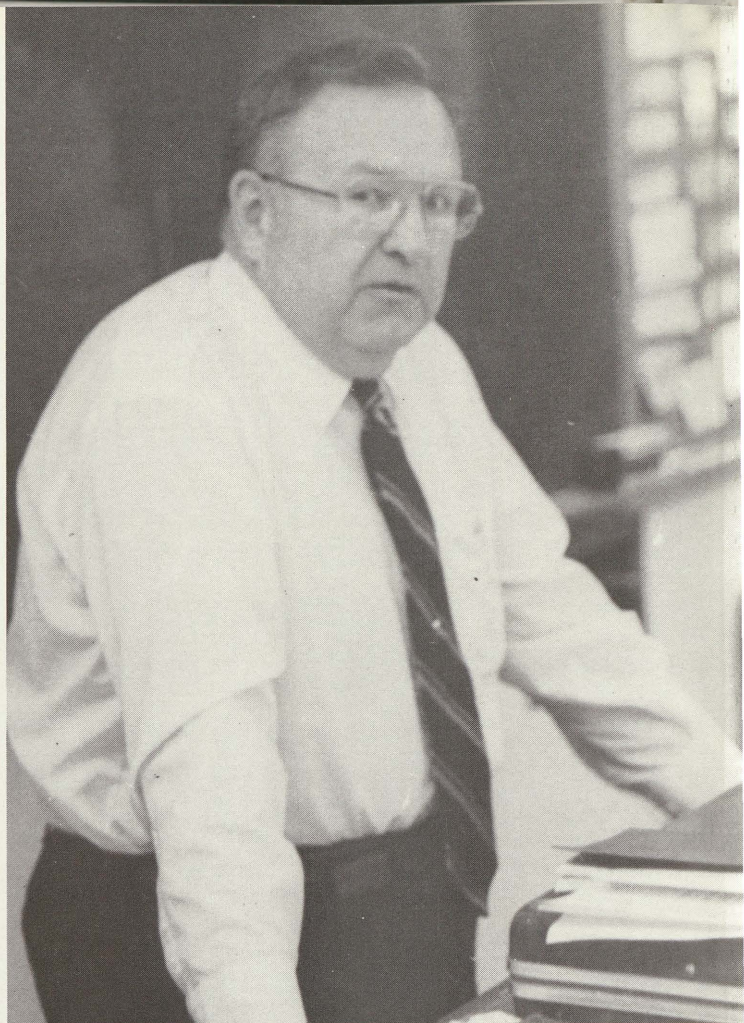

Those students who've had the fortune to have taken Mr. Case's class know him to be interesting, challenging and fair. "If you're good to me, I'll be good to you," is one of Mr. Case's mottos. He always practices this belief too, even if you're no longer in his class. Mr. Case had the privilege to be asked to speak to a group in England this fall. He has his own orchid named after him and is known throughout his profession.

Mr. Jerry Dovin was a general maintenance man at AHHS for over 33 years. Mr. Dovin has been a loyal supporter of our school in those years and has been known to go out of his way many times for the sake of the students and teachers when that little extra was needed. Though Mr. Dovin retired this January he will always be remembered at AHHS as a great man to have behind the scenes.

For 28 years **Mrs. Nancy Baxter** has been counseling students at Arthur Hill. Mrs. Baxter said she has enjoyed watching students grow, helping them make good decisions and watching them graduate. She said that in her years of counseling she learned that there are no "magic formulas" and no crystal balls to help find the answers. Mrs. Baxter added, "We need to communicate thoughts and feelings with one another in order to find ways to better our lives." In retirement Mrs. Baxter said she plans to "travel, read, golf, and enjoy life to the fullest."

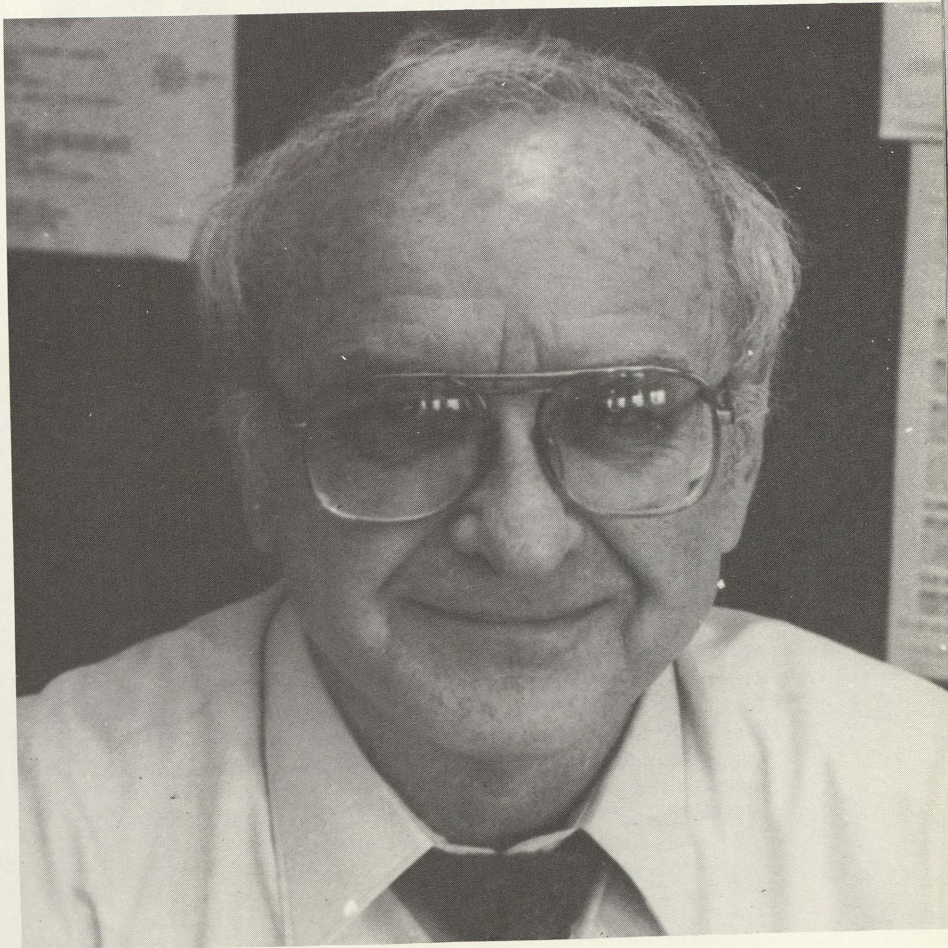

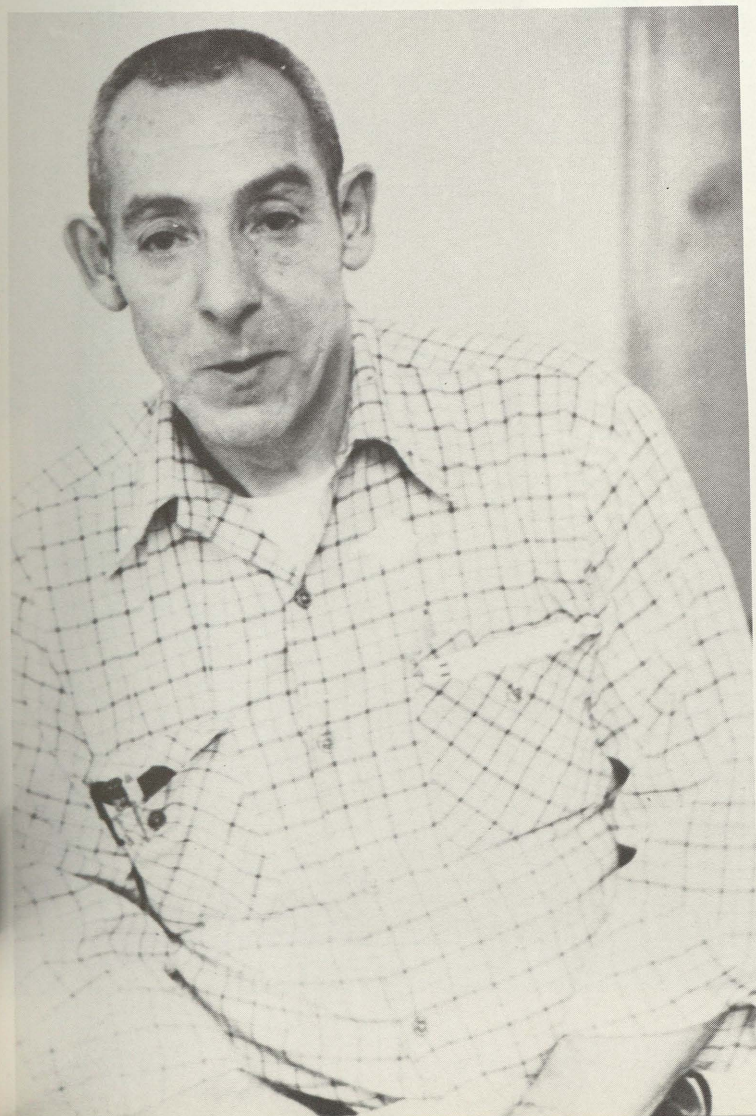

Mr. Jerry Shairer has been teaching at Arthur Hill for 29 years after first teaching at Central Junior High. In his career he said he has enjoyed coaching the debate team the most, which he did for many years. Few students who had Mr. Schairer will ever forget his dry sense of humor and wit that made his teaching a success. He has always been known as a knowledgeable teacher and a friend. Mr. Schairer said of his retirement plans, "Eat, drink, and be merry." We all know he deserves that.

The staff of the '87 Legenda wishes all these fine adults the best in the days to come. THANKS for being part of our world!

'86-'87 Loaded with Memories

There were many important events between the Fall of '86 and the Spring of '87 both around Saginaw and the world.

In Chornobyl, Russia there was a nuclear accident, spilling radioactive chemicals, causing many to be killed or left homeless. Saginaw experienced a disastrous flood which filled many local basements with water sometimes up to four feet. President Reagan and Mikhail Gorbachev, USSR Prime Minister, met and discussed their differences with seemingly no results. Toward the end of the year Reagan was caught selling arms to Iran for hostages causing a few important people in the White House to resign. AIDS was claiming lives all over the country.

At school our gymnasium was dedicated to longtime coach, teacher, and athletic director Charles L. Fowler. Mr. Fred Case, Science Department chairman, was voted Teacher of the Year by the Michigan Science Teachers and the Detroit Free Press. Former AH grad and major league pitcher Curt Young was inducted into Arthur Hill's Hall of Fame.

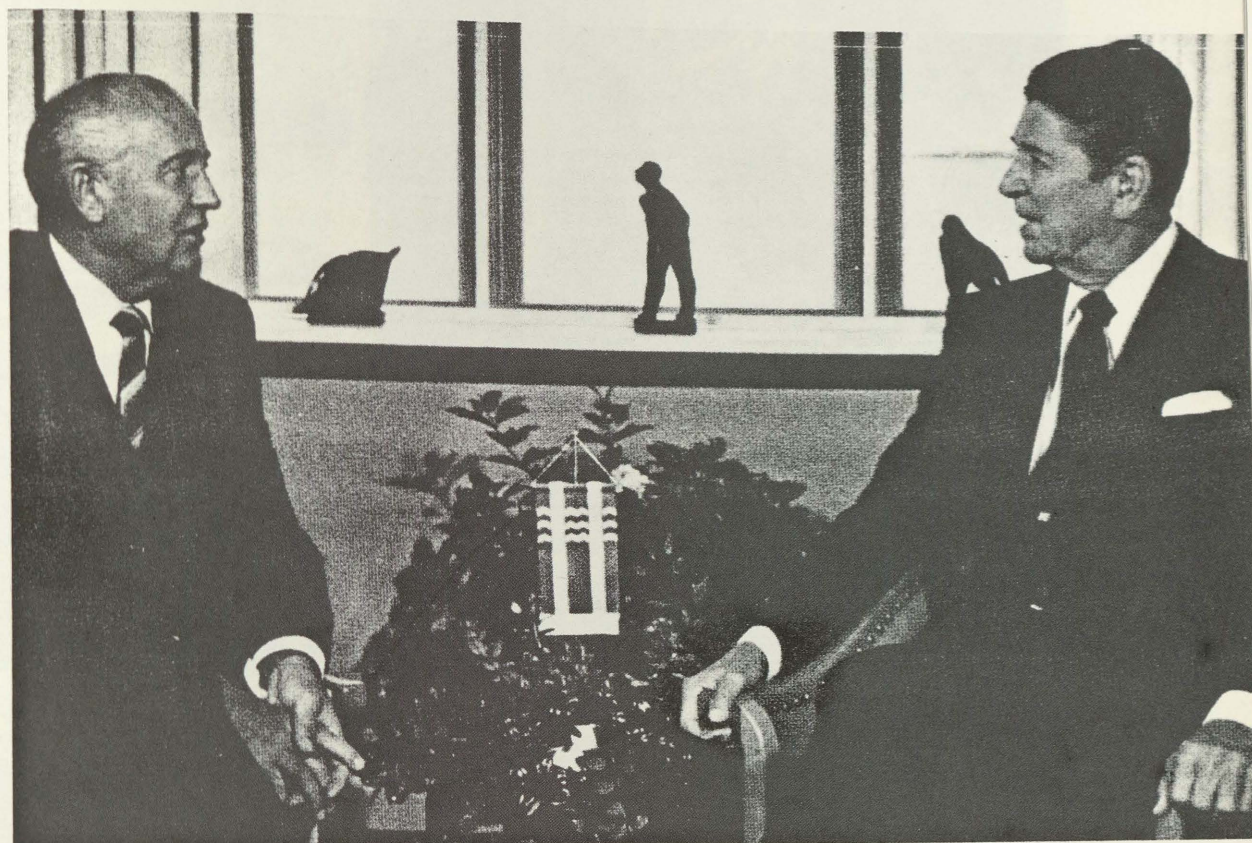

On the music scene many things happened. Bon-Jovi hit the charts with their No. 1 album "Slippery When Wet," Boston released its long awaited third album titled "Third Stage." Paul Simon released "Graceland" dedicated to the people of South Africa. Janet Jackson proved she is not just another Jackson with her hit album "Control." Students in Saginaw rocked to concerts featuring David Lee Roth, Iron Maiden and REO Speedwagon with the Georgia Satellites to name a few.

On the sports scene New York proved to be No. 1 with the Mets winning the World Series, and the New York Giants claiming the Super Bowl. Dennis O'Connor brought the America's Cup back to the San Diego Yacht Club after Australia won it.

In every way all contributed to make the 1986-87 school year interesting.

Students Find Cash, Job Responsibility

Many students at Arthur Hill seek employment outside of school. These jobs range from paid positions like working in a fast-food restaurant and babysitting, to volunteer work like passing out food trays at the hospital.

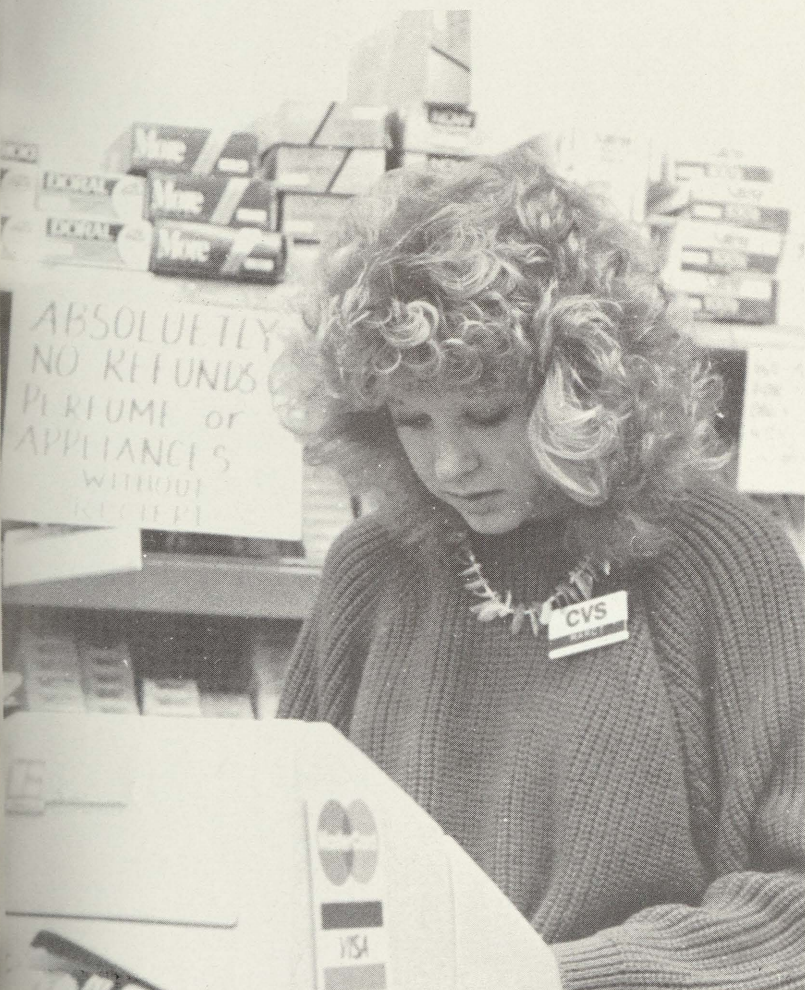

Vicent Reyes '88 said, "It was a great experience working. It gave me the freedom to buy what I want." Jennifer Sparks said, "It gives me a sense of importance and responsibility, and also a chance for a promotion."

"It makes me feel more independent and I have more money for the things I need," said Shannon Kerr '88. But most agreed that having a job isn't all that glamorous. Many said they didn't have time to do what they wanted all the time. But most concluded that in the end it was a benefit to work after school.

Opposite Page - TOP: Shannon Kerr reads a book to Sean and Amy while she babysits. BOTTOM Jenny Sparks smiles for the camera while going through the merchandise. This Page - BOTTOM LEFT: Marci Haiser works at the cash register to ring up a customer's items. LEFT: Tim Church Bags up a customer's groceries. BELOW: Kevin Pike rings up a customer's groceries.

Students Work with Community

A community is defined as a body of persons having common interests and privilege, living in the same locality and under the same laws, sharing joint participation. A successful community must share equal participation of activities.

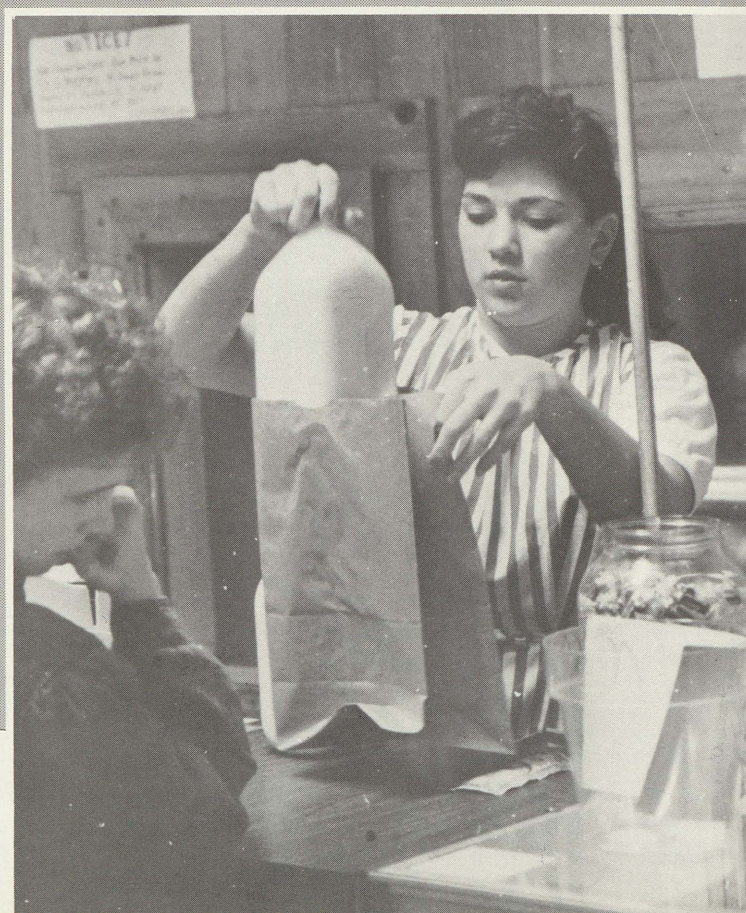

In Saginaw the students and businesses work together to make this community a solid society.

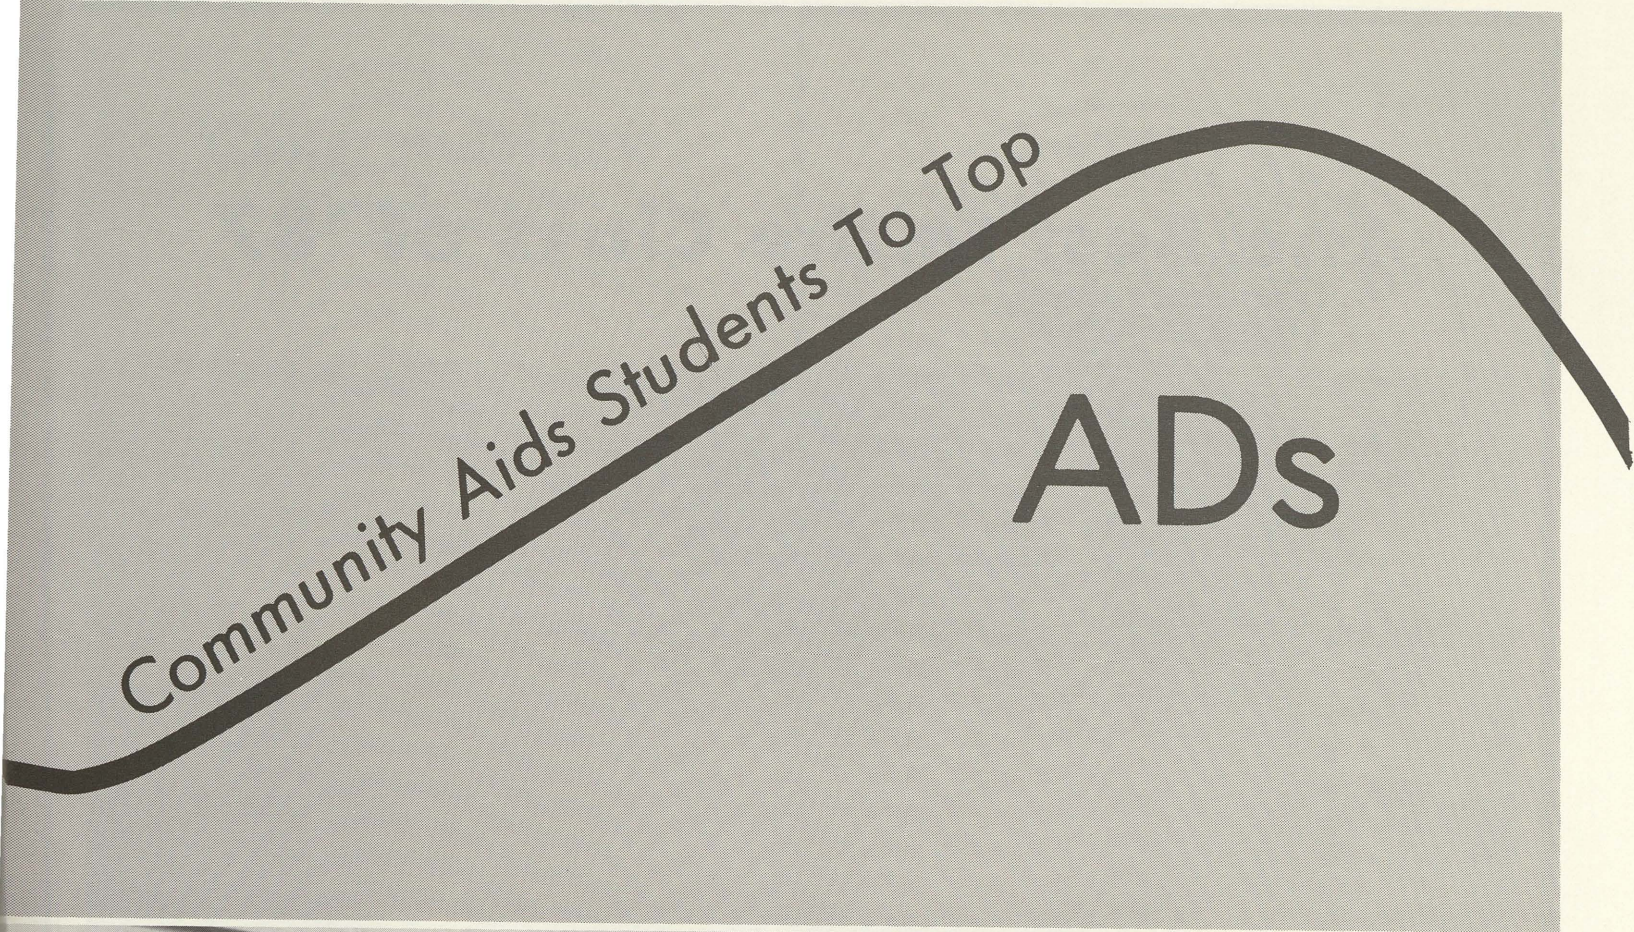

The Hillites work in various businesses such as department stores, fast food restaurants, drug stores, baby sitting, etc. These students who work participate in the community activity as serving people.

Tim Inman '89 said, "Working in the community keeps students out of trouble."

"It teaches the students to be more responsible and prepares them for the future," said Tim LeRoux '87.

Businesses also play a big part in community activity. Supporting local schools is a one way to participate in the community. We THANK all the businesses that have supported our LEGENDA.

**Congratulations
Grads!**

THANKS!

The staff and adviser of the Arthur Hill LEGENDA '87 would like to take this time to say **THANKS!** to all the teachers, administrators, support staff, coaches, parents and students who have given us their time, cooperation and efforts over the past year to make this book possible. A special Thanks for the photograph department of the Saginaw News for the photos they provided.

The '87 yearbook staff has made every effort to provide our school with the best possible record of what we were all about in this school year. With the hundreds of photos and thousands of lines of copy mistakes will inevitably happen no matter how hard we try to avoid them. We know, in advance, that we may not have been perfect, but we have already rededicated ourselves to that end when work begins on LEGENDA '88.

The LEGENDA '87 staff

Cjira,

So a very sweet
person I met in 5th
hour, and who helped
me bring up my grade.
Me, U & Becky had some
good times in Mr. P's
class! (But you be gettin
too perverted for us) (joke!)
Well good luck with
Johnny? See ya next year!
